# B. G. BOWL

The B. G. Bowl game once again created a Senior/Junior rivalry which began the first day of practice, and did not end until the final seconds of the game. A great deal of preparation went into training both Senior and Junior girls. The coaching staffs held daily practices consisting of running, catching, drilling, and executing the game of flag football.

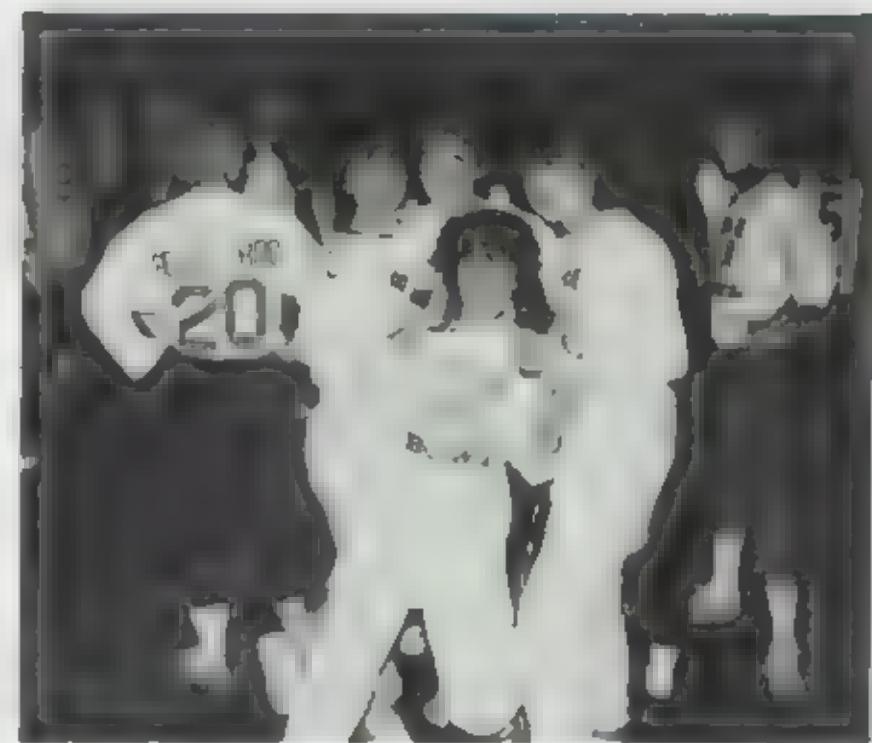

Many girls joked about B. G. Bowl representing the "Ben Gay Bowl," but sore muscles and aching bones payed off for the Seniors with an awesome score of 28-0. The Seniors dominated the Juniors both offensively and defensively.

Thanks to the charismatic coaches. The 1983 B. G. Bowl Game provided many memories for all the students who participated.

# Spirit Week

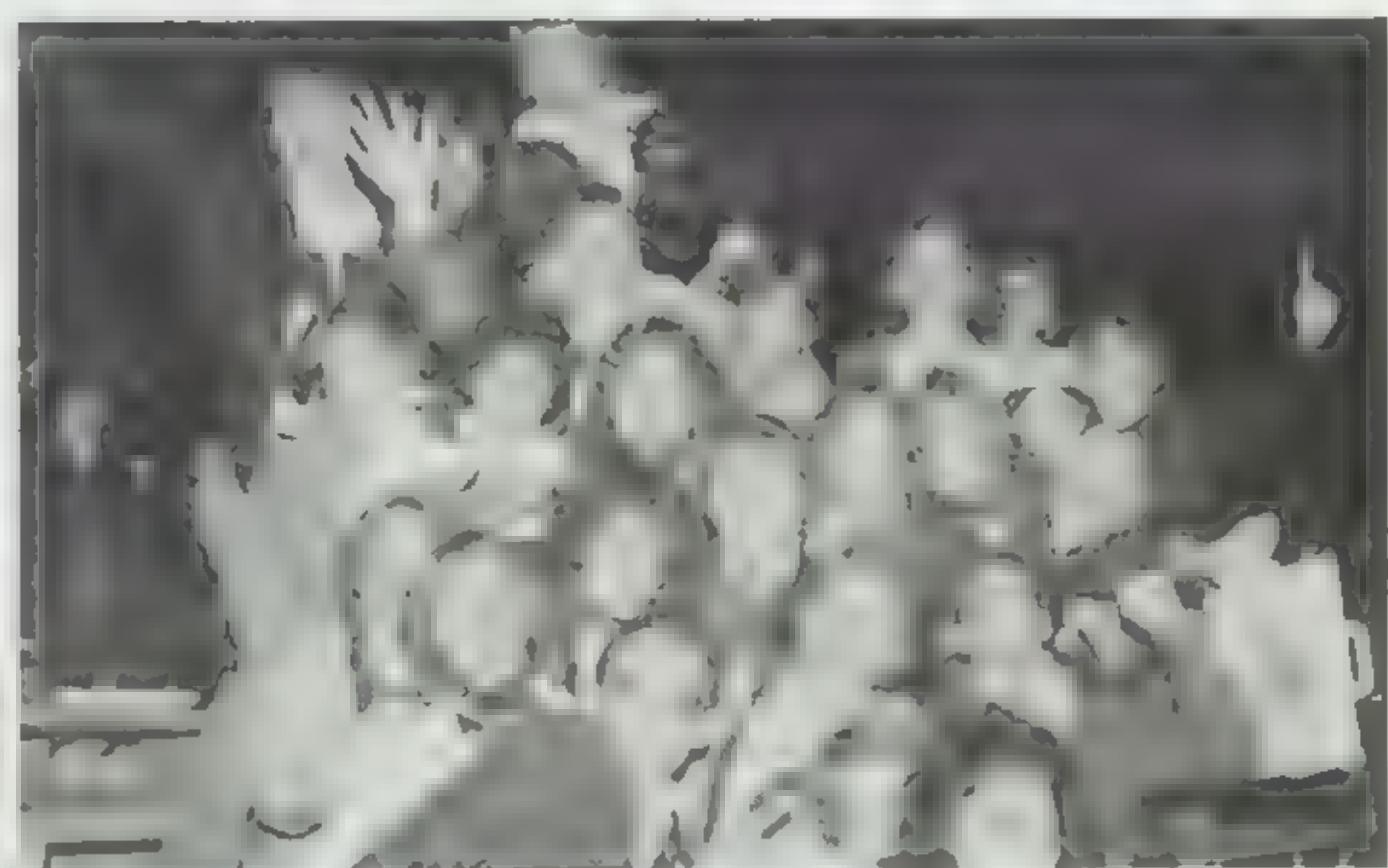

Occasionally Adams students participated in a special event called "Spirit Week". During Homecoming week Adams students' spirits were soaring. The big game, B. G. Bowl and dance brought excitement to all.

The week started off with class colors day; each class wore their designated colors. Also, B. G. Bowl jerseys were worn because of the game that evening. Spirit events took place in the cafeteria beginning Monday with the infamous cracker eating and bubble blowing contest. The most unusual outfits were worn Tuesday for Punk Day. The cafeteria event was the toilette paper wrap Wednesday was beach day; students really "got into" this. This was also the day of the mud-pie-eating contest which took place in the cafeteria. Thursday was a half day on which students wore anything they owned that was Brown and Gold. Some, even went as far as to paint their faces brown and gold.

Each time a student participated in a spirit week activity, a certain amount of points were added and a class winner was announced. This year, of course, the Seniors blew away the Juniors and Sophomores.

Thanks to all the crazy outfits and student teacher participation Adams has maintained a highly "Spiritual" atmosphere.

# Homecoming Game

The exciting week of homecoming was brought to a finale with the Homecoming football game. The pre-game and half-time activities included a creative float parade, and the crowning of the 1983 King and Queen, Joe Glaser and the ever smiling Maria Chirco.

Despite the rainy weather, dedicated football fans filled the stands. Emotion swept over each player and fan as the game proceeded. Even though we lost, the Homecoming spirit kept our pride flying high.

# Homecoming Dance

As spirit week ended, the big event finally arrived THE Homecoming Dance. The dance capped off an evening of wining and dining at any of the Metro area's fine restaurants. The clever theme of this year's dance was "Cinderalla's Ball". The Student Council put in hours of effort in order to make the dance quite nice. Punch was served and there were tables upon tables of tasty treats. The theme song was "Tonight, I celebrate my love", by Roberta Flack and Pebo Bryson. The 1983 Court danced to this song including King Joe Gaser and Queen Marci Chirco. When the dance ended people went all over the place such as friend's houses to do any number of things that would keep the party going.

Adams High School students often took part in School assemblies. During these assemblies students were told important information about up-coming events, introduced to Athletic teams, but most of all, students were given the opportunity to show underclassmen who really dominated the school (Seniors! Seniors!).

Assemblies, according to Mr. Booth, were a privilege for the students of Adams High. In other words, everyone was expected to attend. Nevertheless, because Adams High students have always had spirit and have always been ready to participate, assembly turn-out for '83-'84 was fantastic! Assemblies have always been a part of school where everyone shared the "good-times".

# Lunch

Every day students could look forward to enjoying fresh, delicious food...and then there were those who could not make it to Mac's or Burger King. In all fairness, the cafeteria provided some classic lunch cuisine. Who can forget the hearty beef pies, down home gravy, fluffy rolls, or spicy nachos? Certainly not the class of 1984 which can looked forward to four more years of these and other taste treats in college cafeterias.

## Scheduling

*Top: Brenda Bellotti helps registration time. Middle left: Mrs. Sicora helps a student plan his schedule. Middle right: Angerott students watch Dr. Freeman make their schedules. Bottom: Dr. Freeman says "No we DO NOT offer basic lunch!!"*

Registration was the bi-annual fiasco which could be compared to a blind date. In both cases you don't know what you are going to get or how good it will be.

The first part of scheduling included the ever-famous survey. The survey was required from the students so Dr Freeman could build a master schedule from which we could choose our teachers and hours. However, Dr. Freeman didn't know that nine times out of ten, that survey was done the morning it was due. Because of this, the parents didn't know that their kid had four gym classes, nor did they know that they signed and approved the schedule.

But after all is said and done, I guess we can't complain about this great system. See you in 3rd hour underwaterbasket weaving!!

# Party Line

"Where is the party?" or "Who is bringing the Pop!!!". These are familiar questions heard on Friday throughout the school. Parties are a great tension-reliever for the students. It is a time where students can get together, talk about the past week and just joke around. With parties, people can get to know each other more and make friends. At parties, the food and beverage is plentiful.

# We Live For The Weekend

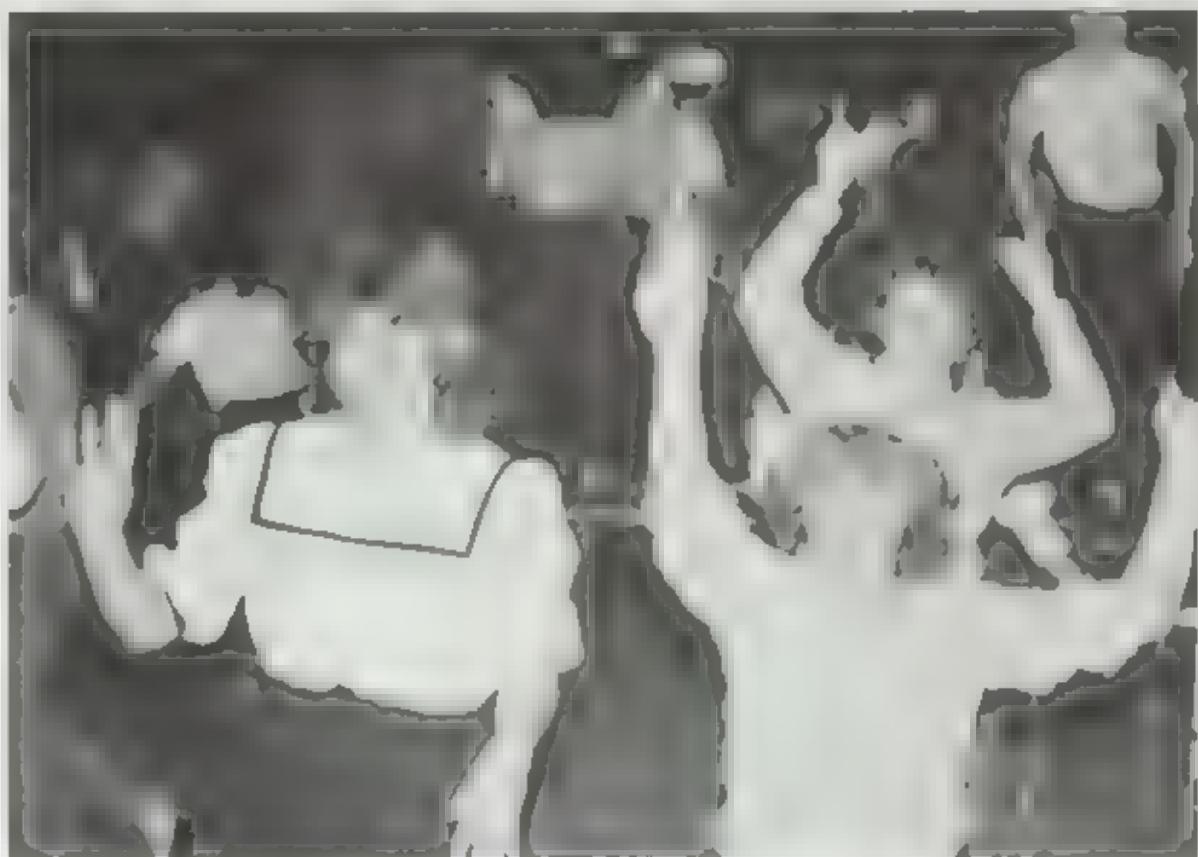

As soon as it turns 2:15 on a Friday at Adams, there is one thought on everybody's mind: WEEKEND! The weekend is the greatest part of the week, mainly because there is no school. Kids can go home and sleep, watch T.V., go out with friends or go to the school dances which were held on Friday nights. It is just too bad that weekends do not come any sooner!

# Dances

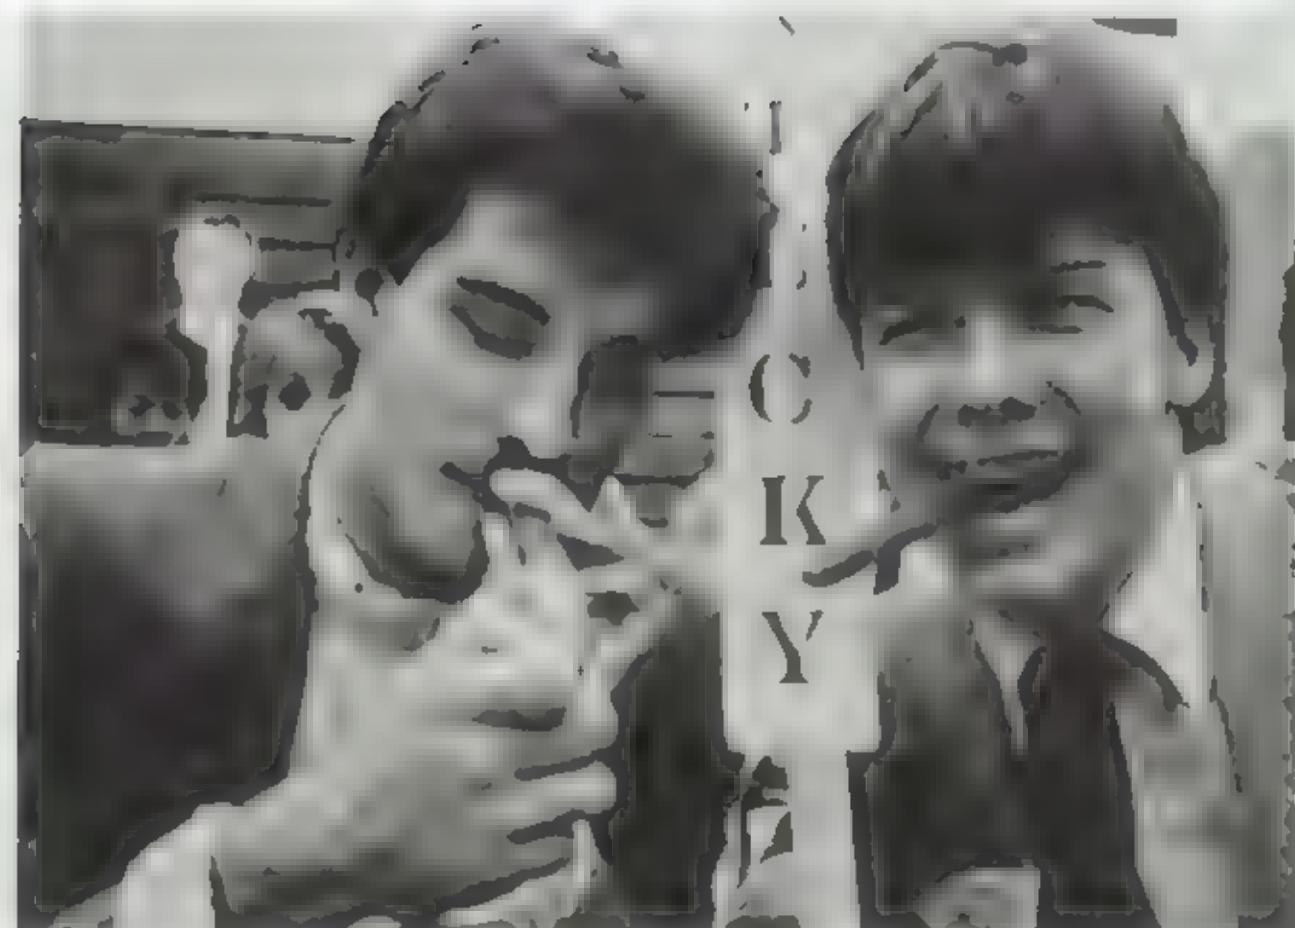

Dances provided much excitement on those would-be-boring Friday nights. Whether it be Hawaiian, punk, funk, or sometimes junk, they gave us an opportunity to go wild or even do a little dealing. The more than reasonable cover charge usually hovered around \$2.00 and more often than not went to a decent cause, such as a club or the Senior Class. As the typical curfew of 11:00 approached, the night was just beginning for most of us. Activities included hitting a gig or even dropping in at B. K. No matter what it was, the dance was always the highlight of the evening.

# Convention

Top: Future Politicians? Center left: Did I hear a motion for lunch? Center right: I am addressing the convention. Bottom left: Do you think these guys are Mondale supporters? Bottom right: Anti-Kreis Chairman at the last ultra-right convention.

Banners waved, crowds cheered, and balloons soared to the roof as the 1983 Democratic Convention raged through Adams. The fierce plank arguments and candidate campaigning brought volleys of aircraft and mortar fire, but chairman Andy Kirk kept things cool. Other officials included Paul Kastran (National Committee Chairman), Tom Moore (Temporary Chairman), Jon Diewald (Rules Committee), and Julie Daugherty (Platform Committee). The battle for the top spot between Cranston and Mondale came to a climax in the lunchroom, as two Cranston supporters started the first convention related food debate. Cranston eventually won the day, and went on to face Ronnie and Company in the spring.

Middle: Todd trying to escape Jim's brute grip. Middle left: John says, "I'm free." Bottom: Dave trying to blow dry his hair.

Adams students believed that the day truly began at 2:15. Once the bell rang, there was a rush where all the students ran to their lockers, got some books, and dashed off into the halls, running to make the bus or catch a ride.

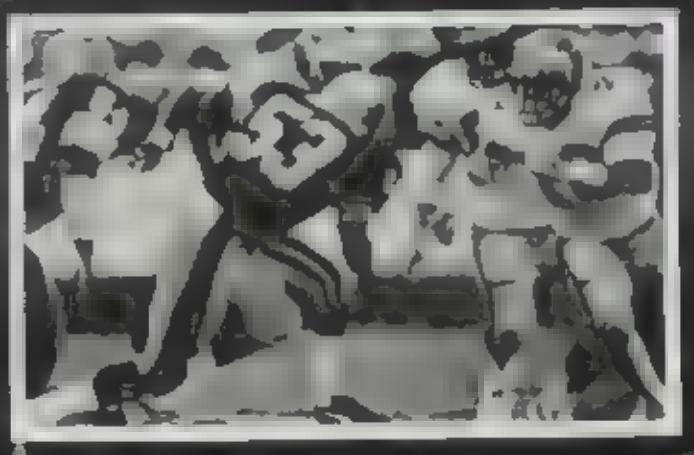

Ahead of them lay the freedom to do as they chose: such activities as work, sports, spending time with good friends, partying and worst of all, their HOMEWORK!!

## Flowers For Algernon

# Sales

About ninety percent of the time someone or some group was peddling something around the school. These items ranged from the ever famous gummy bears to the senior class candy bars. As the vendors traveled the school, they sapped the students for anywhere from 25¢ to \$2.00. These prices were more than reasonable considering the gourmet quality of the goods. Of course who could forget Mike and Ikes, Jolly Joes and the dreaded Hot Tamales that floated around the halls of AHS. As the clubs and classes prospered from the funds of the students, we often found that our cash seemed to diminish to almost nothing. In addition to the foods sold there were also many other items peddled around the school that are too numerous to mention.

# Student Court

The Adams High student court was the first in the state of Michigan. The court provided an alternative to the administrators wrath. Case in point: *Adams High vs. Brian Moorfoot*. Topic: dig. Brian was accused of 4 infractions of the student code. He thought that the insinuations were based on circumstance and after a conference with the administrators, brought the case to student court. The defendant was represented by Stacey Kitchens and Krystal Knapp, the prosecution consisted of Jo Ann Buiteweg and Andy Henry. The judges were Jon Diewald and Don Cameron. the guest member of the Bar was Terry Carr. As the case proceeded, the lawyers presented their cases, the jury deliberated and the judges handed out the sentence. After all was done everyone learned a lot. To become a lawyer, one must pass a bar exam written by the program sponsors, Mr. Clevenger and Mr. Miller. Oh, by the way, Brian was found innocent on 3 of 4 counts.

# ACTIVITIES

# Foreign Exchange

This year Adams was honored to welcome Ritsu Muratake and Mike Noordam. These two courageous individuals sparked Adams with vim and vigor. Ritsu came to America from Japan or some may say from Rio to Rochester. Mike flew in from Holland only to find these American women.

# Student Council

The purpose of the Student Council was to organize and oversee student activities, and to keep communications open between students, faculty, and administration.

Student Council achievements were endless. The members organized S.A.D.D. (Students Against Driving Drunk), dances, school sales, assemblies, homecoming, two blood drives, student "pet projects", workshops, and the annual dance marathon.

The student council members were involved and hard working, but the officers held the gang together. President - Joe Glaser, Vice President - Grace Park, School Board Representative - Bill Braden, Secretary - Beth Crowell, and Treasurer - Rose Cheu, helped to maintain the excellent reputation our school student council had.

# Camp Counselors

For most sixth graders, camp was remembered as a week of fun and adventure. It was fun to keep the counselors up all night and an amusement to see them flounder all about the next day.

For most counselors, six grade camp was remembered as a week of amusing, unmerciful events. Juniors and seniors became closely knit gangs, trying their best to be idolized and to contribute to all the sixth graders.

An enormous portion of being a camp counselor was to make aware the individuality of each sixth grader. Forming young kids into independent, courageous people is very

difficult, but the counselors dedicated one exclusive week to enhance the self-awareness of their kids and themselves.

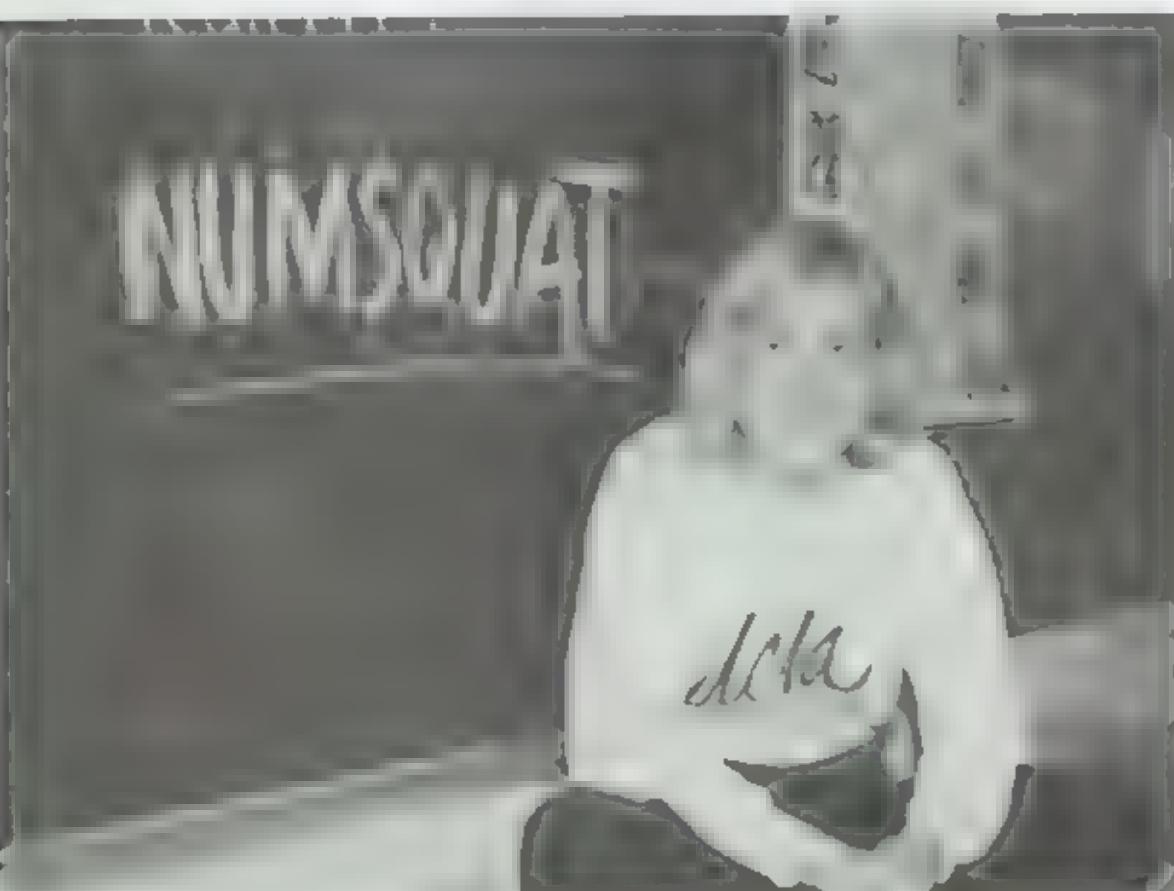

Among the elementary's involved were: Long Meadow, Brewster, Baldwin, and Meadowbrook. Eight counselors were selected for each school (4 men, 4 women). The students were selected by their applications by faculty of both Adams and their specified elementary school. All together, the 32 spirited counselors developed a new relationship with him/herself and with the "genuine" sixth graders.

# Highland House

Move over Murdock's! Watch it Charlies Crab! The Highland House was on the move! Throughout the year students and staff could take a break from the cafeteria grind and enjoy student prepared gourmet dishes. The mellow atmosphere, fine food, and non-plastic utensils brought many happy diners back for more.

# Amble Inn

The Amble Inn served students, faculty, and administration. It supplied clothing, novelties, gifts, and CANDY which saved students from starvation and frustration. The students were particularly lucky to have had school supplies available five days a week.

Mr. Rosenberg taught his students the many aspects of selling, cashiering, accounting, and ordering merchandise. These classroom activities were just a few of the tasks the salespeople had to master by the end of the semester. The students and Mr. Rosenberg worked hard to serve our school with efficiency and style.

# **Marching Band**

Who were those bundled up figures on the grounds of Adams High School — the ones who trumpeted, clareneted, fluted, drummed, and stomped around at 6:45 every morning? The Marching Band members! These people were the most dedicated students Adams had ever seen. Whether it was 80° above or 50° below, they practiced their music and routines for hours. All of the hard work was well worth it; the band rated a 2 out

of 5 at competition (1 is the highest rating). The Marching Band performed at football games, parades, and Bandasia. Jean Zukowski, and Scott MacDonald, with pride and enthusiasm directed the members. Megan Kelly and Debbie Paurazas tossed, swung, and flung flags about with ease, not to mention inspiring all the other color guard members, after all they were the Guard Captains! Congratulations for a impressive year!

# Treble Choir

The Treble Choir consisted of young women possessing soprano and alto voices. They performed beautifully, presenting themselves with dignity, pride, and enthusiasm. Their audiences also felt the magic when they heard the magnificent chorus which rang out from the girls. Singing allowed the girls to express happiness, sorrow, and joy, and enhanced their knowledge of the mystery of music.

Upper right: The Treble Ensemble - Adams High School ensemble, the best that Adams had to offer. They traveled and performed extensively at festivities and special occasions and have made Adams very proud. # Concert Choir

Young men and women joined together to form the Concert Choir. The biggest goal of the singers this year was to produce a record album entitled, "Adams Sings 1984." This project kept everyone busy for the entire year. The choir also performed for Senior Citizens, and at other community functions. Becky Watts once again proved herself to be one of the outstanding solo singers in the state. Congratulations to all of the choir members for all the excitement you have created!

# Key Club

You might call it the helping hands of Adams High School. This year's Key Club worked harder than ever to better the school and the community.

This year's officers were: Michelle Stizza - President, Mary Homant - V. President, Michele McNicle - Treasurer, Karen O'Conner - Secretary, and Andy Henry and Bill Braden in Public Relations.

This year's club sponsored the 1984 Michigan District Key Club Convention. The 1984 school year was the proudest and the most productive year that Adams Key Club had ever seen.

## DECA

Deca continues to be one of the largest clubs at Adams High School. Adams students compete in regional, state and national competitions. The students are known for walking away with most of all of the awards and prizes at the competition. Mr. Tignanelli and Mr. Rosenburg were again this year's sponsors of the Deca club. The national winners will be traveling to St. Louis Missouri to compete. We hope that the enthusiasm and spirit given by the students will grow. Thank you for the support.

# CHESS CLUB

Chess Club is for the chess enthusiast who needs time to develop their skills while competing against other players at their level. This year, the club was hot and on a roll, with Mr. Treat as the sponsor and Conrad Chu as the president. Mr. Treat set the club up in a manner such that all the players were ranked against each other, so that every match meant the possibility of moving up the ladder. The club's top player had to be the president Conrad Chu who remained at the top of the ladder in addition to taking first place at the league meet which the Highlanders swept. Congratulations to all on a fine effort this year.

# Debate Team

The Debate Club was the perfect club for those who always thought they were right.

Sponsored by Ms. Montgomery, the club worked very hard all year researching their subjects as well as possible. They wanted to take in as much knowledge as possible for the competitions throughout the year.

The Debators, put in a lot of time not only on research, but on practicing, reasoning, analysis and of course delivery. Congratulations go out to senior Jim Jacoby for three very successful years as a debator!

# Youth In Government

Youth In Government is a State YMCA of Michigan sponsored program for high school students. The students conduct legislative sessions at the House and Senate chambers in the State Capitol in Lansing.

It all started back in September when Adams Youth In Government members met in Pontiac to draw up bills, and that got the ball rolling. Members worked on bills over the winter for the finale in spring when they travel to Lansing to meet with Y.I.G. from around the state and act out senator rolls and work on the bills that were drawn up in September.

# Physics Club

Holy Geiger Counters! It's the Physics Club! Under the brilliant guidance of Al "Father Physics" Gibson, the club was a total success. They traveled to Chicago, toured the Physics department at University of Michigan and at Oakland University, and competed fiercely in the P. S. S. C. Olympics.

Unfortunately, the club had no sponsor this year. The members had to earn all their money by themselves. They sold popcorn at home Basketball games and sold T-Shirts. The money went for a good cause. The members were able to produce the stunning proof of radioactive fallout in the cafeteria food. Andrew Splete was the club's President, while Joel Marshall was the V. President. Secretary Le Anne Davis kept the club in continuous acceleration and away from entropy all year.

# Portfolio Contest Winners

# Portfolio Club

The Photo Club expanded in response to student interest. Students joined to develop portfolios not only in photography, but in Video, Graphic Arts, Drawing, Industrial Design ... a variety of media. The re-christened Portfolio/Photo Club met every Tuesday. Portfolios were prepared for Advanced Placement credit, college/art school scholarships and admissions. Our students had a tremendous amount of talent, the best of luck to all of them!!

# NHS

The National Honor Society was a club which enabled students to concentrate among a group on scholarships, leadership, character, and service. This year the society required community voluntary service, as well as, a grade point of 3.25. Mrs. Hartman sponsored NHS, and met with the members once a month in addition to special meetings for upcoming events.

The National Honor Society tutored students and participated in Homecoming. NHS was also involved with such activities as cookie sales, and dances.

This years officers were President Megan Kelly, Vice President Kim Gural, Secretary Pam Riggs, and Treasurer Rene Wedekind.

# Thespians

Once again the Thespians shined throughout the year. Sponsored by Ms. Gibsen they have put on many successful productions.

To qualify to be one a member one must work on a play as an apprentice. They must earn points in at least 2 areas of production like acting, prop crew or stage crew. If they earn ten points they can become a member.

# Spanish Club

In addition to Spanish classes students also had an opportunity to join the Spanish Club. The purpose of the club was to promote language and culture. The members supported a foster child in Mexico, and created scholarship funds for seniors who planned to continue Spanish while attending college. All 30 members, and the advisor Mrs. Nash met weekly to practice dancing and to discuss activities for the future. The club received many awards for dancing and singing. The officers: President - Joe Sottile, Vice President - Iza Wojciechowski, Secretary - Sandy Scalia, and Treasurer - Amy Cardello strived to maintain a fun and worthwhile club.

# French Club

For fourteen years now, The French Club has provided the resident francophiles of Adams High School, with the opportunity to share the cultural enrichment and that *je ne sais quoi* that makes France her language and culture so delightful.

Under the leadership of officers Grace Park, Rose Cheu, Lisa Angell and Todd Keir, the members put a lot of travail into various events such as the construction of their charming "Pep à la Peu" homecoming float, the annual sponsoring of the Valentines Day Dance, and Fashion Show. These and other smaller scale but no less enjoyable, "devertisements" contributed to an enjoyable year in the continuance of "L'esprit de France".

# German Club

The 1983-84 German Club was renowned for their dancing. The club dancers had good agility and character. They performed for schools, churches, retirement homes, and private parties.

The club members tried to uphold the Old German Tradition of dancing by reintroducing the Old German Dances and by wearing the cultural dancing costumes of Germany.

The club gives thanks to all the 1983-84 members and their sponsor Mrs. Snow.

## Russian Club

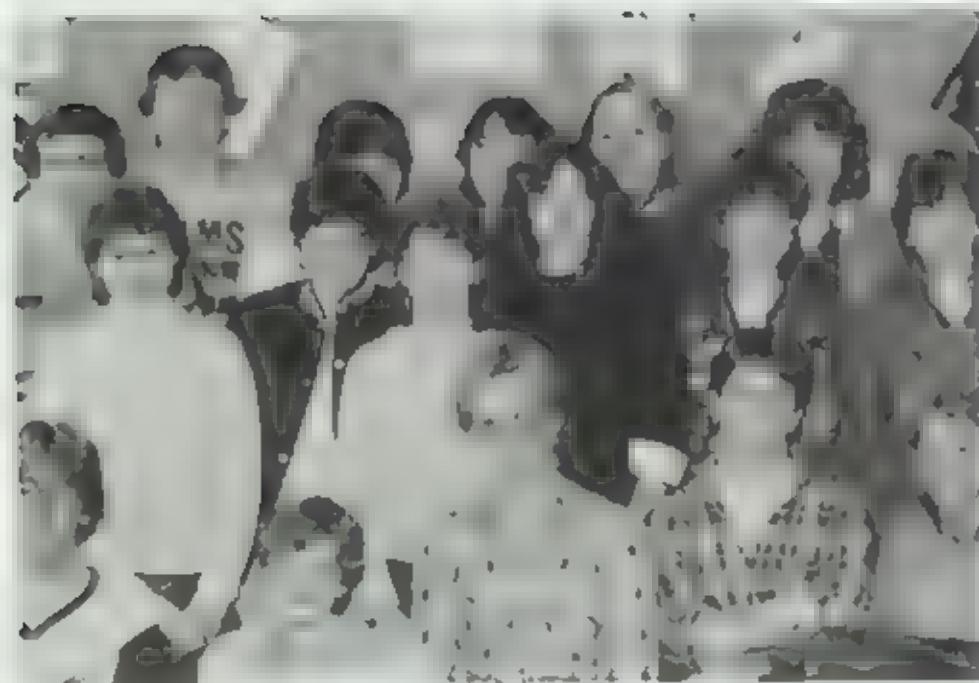

This year's Russian Club was once again run by Mr. Pazevic. They did many activities such as candy sales and visit museums. The club has been growing throughout the years. Next year will be the biggest ever.

# Musical

This year's spring musical "Hello Dolly" was a great success. A lot of hard work and preparation went into the production - about 8 weeks of daily practice from tryouts to performance. The cast consisting of about 12 students was under the direction of Mr. Lentz who produced and directed the show. Ms. Gibson was the technical director and Mr. Waters was the stage director. The leading role of Dolly was played by Joanne Butkovsky. The role of Horace was played by Tom Cooper. They both did a fantastic job. Mr. Lentz commented by saying that the musical was the largest event in the school having more participants than any sport or club.

The 1984 staff was overflowing with creativity and originality. We agreed and compromised with one another and had a great time making this book the best one ever.

The prosperous layout crew worked judiciously, drawing and calculating the precise arrangement of pictures for every club, sport, and activity. We also had two terrific photographers, George and Doug executed their photographic skills in each shot taken.

Editors, "the big cheeses," as we commonly called them, were an "extremely marvey" bunch. J.D., editor in chief, usually had a great deal of patience with the staff, and tried to develop a sense of pride in each staff member. Betsy our Business Editor, Paula our Layout Editor, and Patty the Literary Editor tried their best to give you, the students, the kind of book you deserved.

# Newspaper Staff

This year the *Airt* staff members had a super productive year. Beth Ashton and Lisa Meyer attended a journalism workshop at Bowling Green State University. Camille Edwards and Leslie Cherne went to a journalism seminar at Oakland University. The staff collected many new ideas and techniques that were masterfully exhibited in the *Airt*.

Mrs. Mastovich, the almost fearless leader, contributed encouragement to every staff member. The editing staff, Doug Cleland and Lisa Mooneyham of the super star sports; Editorial Editor, Lisa Creek (for a second year) and Corey Bordine as Advertising Editor. Several new additions and some returning veterans gave the staff a solid foundation for a successful year.

# Bowling

Basically, bowling was a fun, non-competitive after-school activity organized by Mr. Rosenberg. The students met at Avon Rec. once a week for 12 weeks. Approximately 35 different students participated this year. Students participated for learning purposes. Others participated because they enjoyed the sport and found that this was an inexpensive way to do so.

In March, Mr. Rosenberg asked the five top girl bowlers, and the top five boy bowlers to participate in the MSAA tournament. This lasted for two weeks.

Thanks Mr. Rosenberg for giving the students an opportunity to participate just for the fun.

# Computer Club

Although many clubs suffered this year due to the lack of funds, computer club was the new club this year and thrived due to the tremendous effort of volunteers. The great advancement of these electronic wonders has created a desire for their use and development. Mrs. Nash led these fearless troopers who conquered everything from out of data errors to false loops. The computer club may not be the most in demand or popular club; however, it prepares the members for a future in which they can thrive.

# Board of Education

The Board of Education was the heart of our school system. Bill Braden, school representative, was the main artery. All the members of the Board and Bill worked very hard to maintain organization in our school system.

The Board's goals began with providing meetings headed by Dr. Schultz, to instruct teachers the most effective way to teach students. Another Board goal was to fill the gap between "what is" and "what should be" in the schools. Perhaps the most well known goal of the Board was to call off school on snow days. Mr. Hall, assistant Superintendent, had to drive around the bus routes at four o'clock in the morning at times just to determine whether or not we would have class. The entire Board of Education showed overwhelming concern for the safety and education of our student body.

# Administrators

This year Adams received a new principal, Mr. Ron Booth. Mr. Booth experienced a relatively cool welcoming which is often typical anytime there is change after people have become accustomed to certain ways of doing things. Being a principal is an extremely demanding job, and for some, a 24 hour occupation. As for Mr. Booth, time was insignificant as he often put in 12 hour days. His total dedication brought our school pride. The ending of the ten minute break, the restriction of hall eating, and the erasing of many wall murals were sudden changes to which students adjusted. At first, many students objected ferociously to Mr. Booth's "tightening", but as the year progressed the majority of the students realized that the changes were beneficial to themselves and Adams. A sincere thanks goes to Mr. Ron Booth for his care and accomplishments!

Now for the fine gentlemen who caroused the halls of our institution, Mr. Freeman and Mr. Binder. These administrators were a tremendous asset to Mr. Booth and Adams. Each of their attempts to make Adams a safe, clean, and active school was successful. Congratulations!

Top: Mr. Binder shows us the famous "EVIL EYE". Above: Dr. Freeman with one of his disciplining aids. Right: Mr. Booth, the new CAPTAIN OF THE SHIP.

# Secretaries

The secretarial staff experienced a few minor changes this year due to our new principal, Mr. Booth. Their responsibilities shifted slightly, and they had to adjust to the addition Mr. Booth donated. This addition sat in the corner of the main office and resembled some huge, green, foreign foliage.

Even though the secretaries' atmosphere was always pleasant, their tasks were not. Handling substitute teachers, time cards, locker problems, and the routine paper work was not easy. And what was more, they sometimes were stunned by the comical objects that were turned in to the lost and found. Retainers and contact cases were among these strange articles. On behalf of the entire student body, "Thanks, Gals!"

The perfect counselor considerate, patient, helpful, loving, and honest. This defines not only the perfect counselor but our counselors Mrs. Ryan, Mr. Parks, Mrs. Reidinger, and Mrs. Sicora. Mrs. Sicora was new to the department this year and did a remarkable job. The counselors not only helped out the students, but also attended weekly meetings after school with Mr. Baeth, Mr. Binder (ypes), and Mr. Freeman.

The student body challenged all the counselors when it came time to schedule in the arena. Thanks to the tremendous patience of this staff, scheduling seemed less painful.

This group ran us through our workouts coaxed, cajoled, criticized and calmed us. And thanks to them Adams kept its student body in shape.

# Library

"Ssh!", "Hush!", "Psst, please be quiet!" These were the common words students heard while in the library. Some other things students heard were, "May I help you find something?", or "If you need anything else just let me know." Mrs. Sharp, Mrs. Lyons, and Dr. Hull helped everyone in need.

The library had two new additions this year. The Apple computers were available for students use with special permission. Projectors, overheads, recorders, and audio visuals were also available for teacher and student use.

The Career Resource Center brought colleges speakers, and seminars to our school. This year the CRC held the Second Annual Women's Seminar. This event helped young women enter the business world by providing fresh new ideas on clothing, etiquette, and careers. Along with this seminar, the CRC continued the SCOPT program which benefits the entire student body.

This year Mrs. Leopold ventured out into the employer world, and interviewed many business people. Businesses were combining with schools to inform those who made decisions on curriculum about what was looked for in future employees.

Above all the CRC contained an infinite amount of employment, college, and future planning information which all the students put to good use at one time or another.

# Math

This year the mathematics department became quite modernized. Pascal (a computer math class) was a new addition to the department, and three new Apple computers had also been added.

When asked what the purpose of the mathematics department was, Mr. Pasbjerg replied, "To improve students knowledge and achievement in all fields of math encountered in the high school curriculum." But we did not care if Maynard flew three hours at 57 m.p.h. and Mildred flew five hours at 69 m.p.h., as long as each of them left early enough to get there on time.

Perhaps in the future we all have appreciated the "dreaded story problems", and only now do we remember the excellent teachers that helped us to understand math. Thanks to everyone in the math department for the patience and kindness to push us along.

The English department aspired to permeate our cerebrums with vivacious vocabulary while dissuading the utilization of lamadistic lines of literature. From bizarre Expos theses in Mummsie Boyle's to Dave "Don Bagg" Berube's less than judicious use of class time, these classes proved to be more than interesting. The eager students learned everything about the world of literature and more. Mr. Berube taught us real important "stuff" like who killed Zeus and who was Pegasus' real father. Other department members included Mrs. Hartman, Ms. Mitchell, Ms. Gibson, Mrs. Kuiper, Mrs. Crehan and Mrs. Mastovich. Mrs. Erkkila finished up the list of English teachers whose knowledge about literature was incredible.

The Social Studies department not only instructed students, but also educated themselves by combining activities with student ideas. Convention, Close Up, and Student Court were among these self educating events.

Mr. Clevenger, Mrs. Fellows, Mr. Gierke, Miss Hewitt, Mr. Miller, Mr. Pazevic, Mr. Riley, and Mr. Ryan met the first Monday of every month to discuss the developments of their department, as well as to swap recipes and argue sports scores. But let's give credit where credit is due — poor Mrs. Fellows and Miss Hewitt had to put up with the male gang, and with Mr. Miller at the top, that is not easy. Controversy is Mr. Miller's middle name; the sun rising can become a major event when talking with HIM.

The entire Social Science department deserved our admiration and appreciation for their incredible contributions to the high school curriculum.

The Science Department was exploding with intelligent, inspiring, and quacky teachers. Under the intellectual category we saw Mr. Rustowice, Mr. Glenn, Mr. Gibson, and Mr. Inman. Inspiring would be followed by Mr. White, Mr. Dunn, Mrs. Allen, and Mr. Ciccarelli. This leaves quacky, and Mr. Short (while he was intelligent and inspiring) fits this category beautifully.

All of the teachers were a tremendous asset to the science field and Adams staff. Also a special congrats to Mr. Gibson for receiving the M.I.T. award for Physics. One other quick note; Mr. Short, Metro Rules!

# Foreign Language

French, Spanish, Russian, and German languages were available for students. Learning to write and speak a foreign language is very difficult, but Adams students were lucky. Ms. Lintz, Mrs. Nash, Mr. Pavezic, Mrs. Shober, Mrs. Snow, and Mrs. Whitcher, made new languages fun and easy to understand. They had great patience with their students. Much thanks to them for making Adams students well rounded in several languages.

# Music

The Music Department continued to thrive this year. Led by two very fine and large Choirs, Treble and Concert, the department's activities included concerts, festival participation at all levels, a Musical Theatre Production, and the cutting of a record album.

Recruiting new Choir members remained the first and most important goal. Both Van Hoosen and West Junior High Choirs have been hosted in performance with Adams High School Choirs, and our Choirs have performed for both schools in order to encourage participation. Every semester more and more Adams students discovered the magic and became dedicated choir members. The momentum and continued growth of the Vocal Music Department was very exciting.

# Physical Education

Who were the saints who turned clumsy, and unconditioned, students into Olympic hopefuls? Ms. Craven, Mr. Seman, Mr. Zelmanski, and Mr. Inman provided fun and excitement in several sports. Physical education was a significant chapter in the novel of graduation. Thanks to the P.E. teachers we are all agile, and mobile students.

# Art

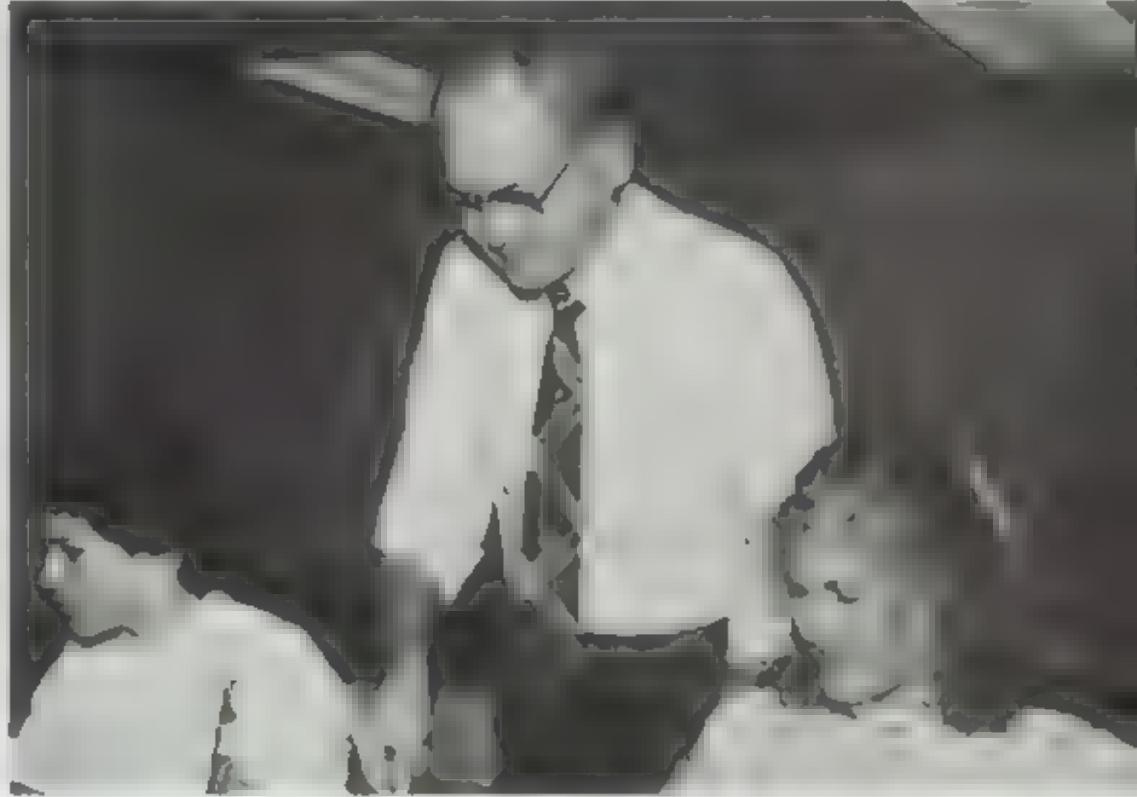

Basic Design, Basic Photo, Ceramics, Graphic arts, Drawing, and Painting were just a few of the courses offered by the Art Department. Mrs. Montgomery and Mrs. Jensen encouraged many students to put forth their best effort, and as usual Adams art students won numerous awards in local competitions.

The talented students entered several contests including the Scholastic Art Awards. Jeff Perkins won a thousand dollar scholarship for a car design. Karen O'Connor blessed us all with her life-like caricatures of the male teachers from Adams, and two students sent tuxedo designs to be judged by Bill Blass, nationwide fashion designer. All the students were extremely busy meeting deadlines for advanced placements in studio arts and art history, and also entering scholarship competitions for visual arts in New York City.

This year's business classes continued to be among the most popular classes in the school. Business teachers pride themselves in being able to relate personal working experiences to classroom material. They believe this helps in educating their students. One of the things about the business department is the wide variety of courses offered to the students. The great diversity of courses and Adams great faculty made this year's business classes great. Adams business staff consisted of: Mr. Tignanelli, Mr. Leonard, Mrs. Schmitz, Mr. Rosenburg, and Mrs. Swoyer. Besides being a lot of fun, business classes also require hard work, but most students agreed it was well worth it.

# Industrial Arts

Industrial Arts consists of metals, electricity, electronics, and mechanical, architecture and engineering drafting. Mr. Rosenthal and Mr. Orchard were the instructors for both metals and drafting.

All students in the Industrial arts program can compete in the annual Industrial Arts fair. This year's fair for all Oakland County students was held at Winchester Mall in Rochester. The areas of competition include 1) architectural design, 2) engineering, 3) model building of architectural design and 4) machine shop. First and second place finishers in the regionals then are submitted to the state finals in Traverse City.

# NEOVEC

Northeast Oakland Vocational Education Center, otherwise known as NEOVEC, was a program that offered an opportunity to obtain highly specialized education for employment. It was a program that taught specific job skills and employability skills. NEOVEC emphasized learning through practical experience and prepared graduates for entry level jobs. Students were provided free tuition as part of the home school curriculum.

Students, after completing an area center programs, may have gone directly into the employment market. Also students may have obtained advanced training at a trade technical school, community college or four year college. Nevertheless, 76% of NEOVEC students chose to receive job placement status.

NEOVEC courses included Auto Body Repair, Auto Mechanics, Building Maintenance, Building Trades, Early Childhood Services, Computer Accounting, Cosmetology, Industrial Electricity, Food Service, Health Occupations/Nursing Aide or Orderly Assistant, Recreational and Utility Vehicle Services, and Welding.

Perhaps some of the least known, and most gratifying classes were the Special Services programs. Mr. Swift, Mrs. Cleland, and Dr. Martin should be defined as laborers of love. They taught students about life, its problems, and its triumphs. The instructing went far beyond the classroom. The teachers, students, and families worked hard together to accomplish a feeling of self confidence. The teacher/student emotional bond created was enormous, and thanks to the teachers, students, and families, yesterday's problems are today's conquests.

# Work Study

Work Study was Adams alternative education program designed for students interested in the world of work, and practical life skills. Eleventh and twelfth grade students have jobs, attend school, and graduate with up-grade employability skills. Come check us out!!

# Cooks and Custodians

The Cooks and Custodians were the silent workers of Adams. They baked, broiled, swept, and scrubbed. Our school smelled like a bakery, and was clean as a whistle. Unfortunately, Glen Tincknell, head custodian, suffered a heart attack at the beginning of the year. After 25 years of outstanding service he retired. A Big thanks to the custodians and hard-working cooks.

"Unbelievable!", "Determined", "Aggressive", and "Winless!" The Varsity squad had tremendous talent, they practiced hard and tried their best to win, but this proved one thing, "trying is not everything!"

On Friday nights the students and faculty gathered at the football field to cheer on the team, and if nothing else the team provided exciting entertainment.

The guys became frustrated and discouraged at times, but their spirit never died. They continued to psyche one another up throughout the season and felt able to conquer just about anything. The squad truly was a great team, and even though they were defeated continuously pride crowned their efforts.

The coaching staff including, Mr. Zelmannski, Mr. Van Robays, Mr. Inman, and Mr. Montemurri supported the team even through the worst of times. Congratulations to all the members of the football team, coaches, and assistants.

# J. V. Cheerleaders

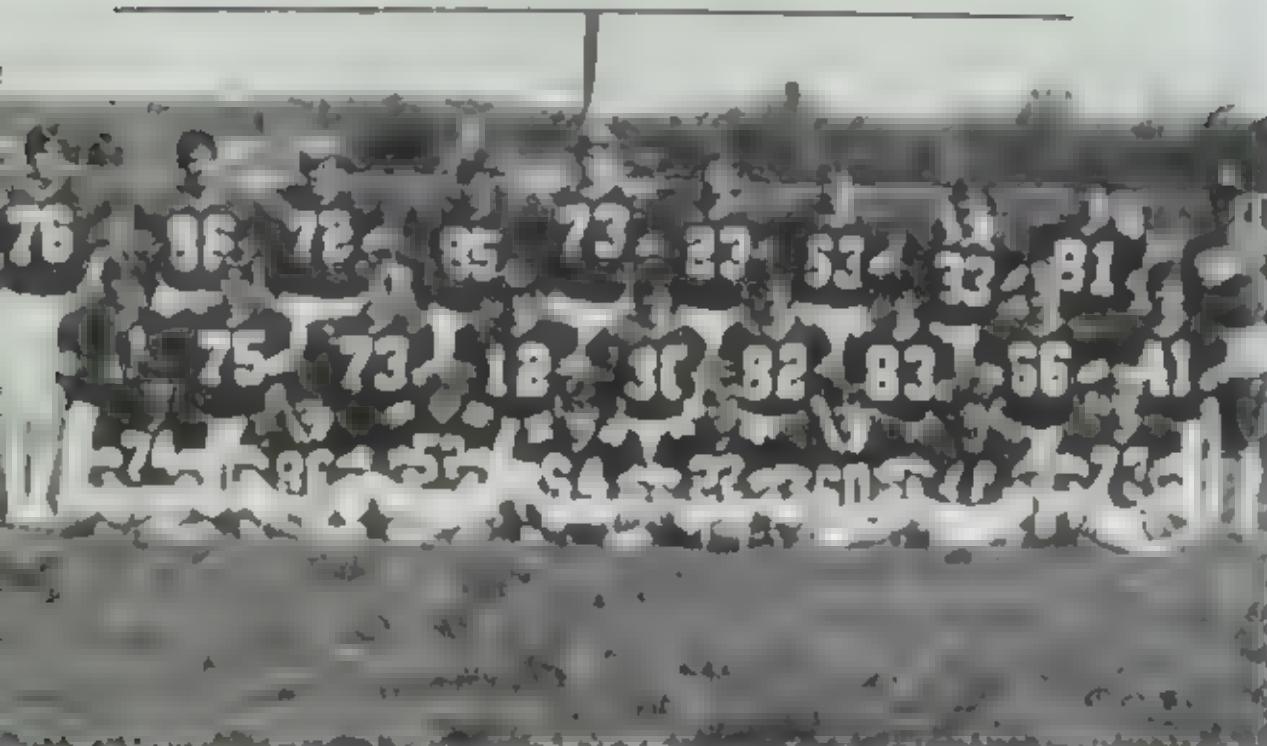

The 1983-1984 Junior Varsity Football Cheerleaders definitely deserved their share of glory. It took a lot of ... something to cheer in sub-freezing weather, torrential downpours and sometimes, a foot of snow. Not to mention the fact that the J.V. team was 1-8. That is why the girls deserve so much credit. No matter what the score or the weather, they were always out there giving 100%. In addition, they also practiced every day after school for nearly 3½ months. Good job girls, and thanks!

## J. V. Football

The Junior Varsity Football squad had a season that was, ironically, impressive. Their record was 1-8, but nevertheless in six of their nine games they led their opponents. The squad's defense was led by Jeff Barratt, Mike Brown, Doug Daugherty, Clay Martin, Nate Rakaric, and Todd Helzer. The team's defense shined most brightly the night of our biggest game, with the Rochester Falcons! The offense also made an awesome show, the final score was 12-0. Bart Huthwaite, Eric Heuerman, Darrin Pulliam, and Bryan Schneider leading the offense's domination, played most effectively.

The Girls Tennis Team played well this season. They started practicing during the summer and worked hard through the season. The team was led by Coach Ruth Dupak, it was her first time coaching at Adams. Senior Michele Jones played first positon on singles for the second year in a row and Junior Sue Potoroka had the overall best record in her 4th singles position. The girls not only improved their skills, but had fun doing it!

To develop a style of running a person must work hard and be very dedicated. Men and women become obsessed with the sport of cross country.

This year our cross country girls ran incredibly well. The team captain and Most Valuable Player, Kathy Kubicki, won all state, all county, all area, and all league honors, as well as record time on the home course. Debbie Palmer captured all county, all area, and all league, and Nancy Warnica also won all league. All the girls including Quinn Brodie, Alicia Fenoseff, Jennifer Zubkus, Liz Kupinski, and Amy Fullan did their upmost to make the girls cross country team the best one ever.

The guys also ran well this season considering all the new members on the team. They ended up with a less than perfect record. Chuck Splete, the team captain, won all league. The entire team tried its best to be successful. Curt Reppuhn, Sean Pietryga, Darren Keener, Jon Mustapich, Mike Loney, Dave Goran, Mike Theodoroff, John Hall, Richard Bates, and Eric Berns deserve commendation for their great effort.

# Boys' Golf

The Golf Team enjoyed a winning record this year finishing fifth in the MSA with a 8-5 record. Russ Roberts was captain for his senior year on the team.

The golf team started back in August to prepare for the 1983 season. hundreds of rounds and millions of putts were the criteria to make the team this year. The Juniors established themselves for next year and the Sophomores received a taste of tournament golf. Next year should prove to be promising.

# Varsity Soccer

Three Cheers for Adams Varsity Soccer Team. This year's team was the best Adams ever had. The team had an overall record of 19 wins, 2 losses, and one tie. Such key players such as Juniors Eddie Fantechi, Shawn Hare, and Sophomore goalie Peter Brunn helped Adams achieve the great record.

Next year's team should be the best one in the state said Mr. Pavezic. He has total confidence in the '84 squad. We should have at least two All State players, maybe even three! Adams High School must also congratulate Mr. Pavezic for making the Coach of the Year. If it weren't for his true dedication to the soccer team, the team would not have been ranked 10th in the state. Best of luck to the team next year!

# JV Soccer

This year's J.V. Soccer team deserves a lot of praise. With captain Mike Cardinen at the head of the team, the J.V. squad had an overall record of 14 wins, 4 losses, and 2 ties. Each player put forth a great effort. The J.V.'s coach this year was again Bob Reed. With his technical skills in soccer he was able to show our young inexperienced players the art of winning. We are looking forward to seeing if these guys next year on the varsity squad next year.

# Girls Varsity Basketball

The Girls Varsity Basketball team had quite an unusual season this year. Each home game began with descriptive introductions by Mr. White: Terrific Terri, Jumping Julie, Ravishing Renee, Saucy Stacey, Super Sandy, Effervescent Eileen, and Killer Karen were starters occasionally being replaced by Joan, Sherri, Joanne, Debbie, Katie, and Angie. Liz was promoted from J.V. to

Varsity before the end of the season, better late than never!!

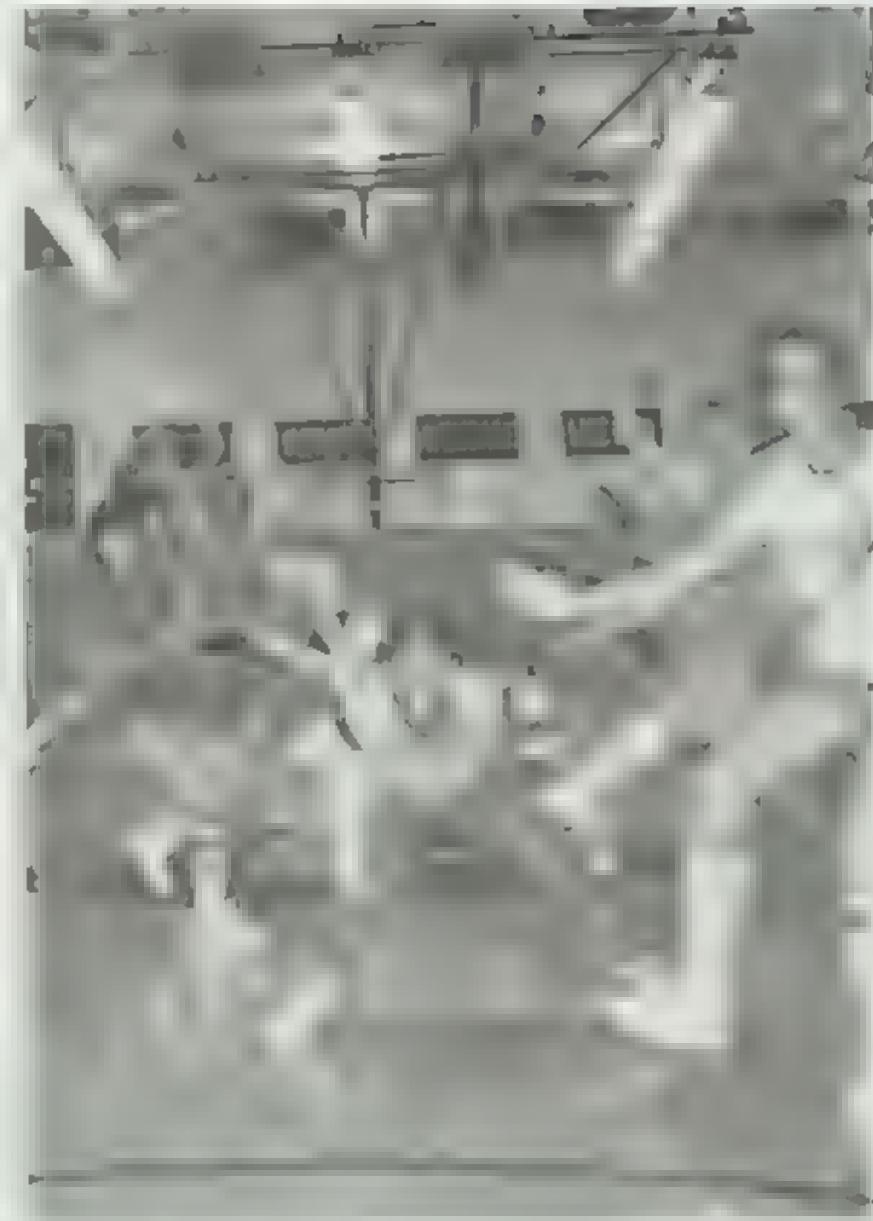

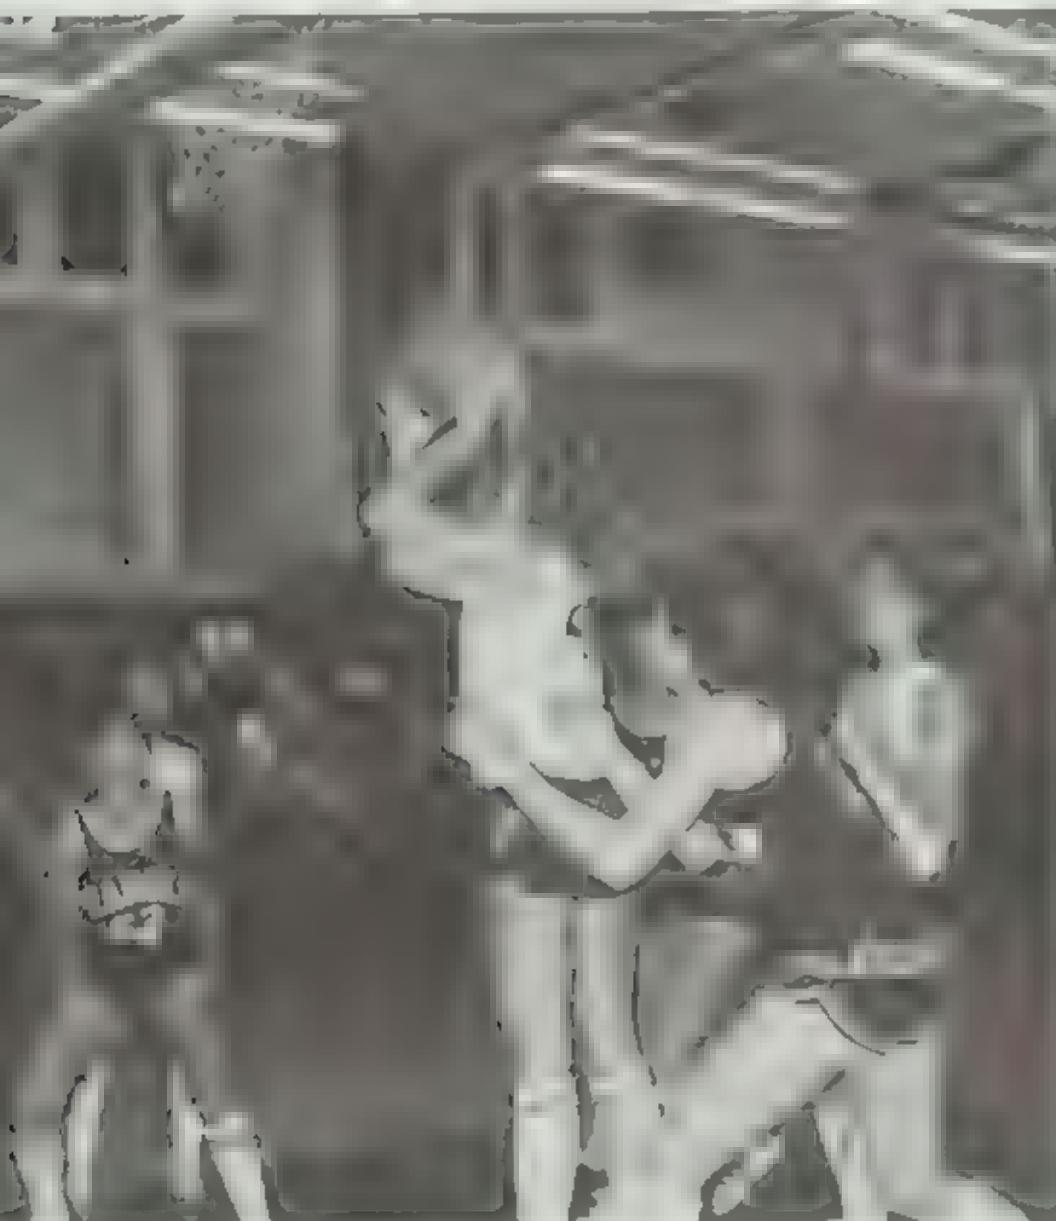

Unfortunately, serious injuries were common this season. But what can you expect from these girls when they gave 100% all the time: defense, rebounding, loose balls, etc. As Terri attempted to swat a killer bee her shoulder popped out. As Joan began to play "ham bone", her knee gave out. As Sandy practiced her "Night Fever" dance steps she

twisted her ankle. But there is no doubt they deserved some sympathy . . . o.k. that is enough

Coach Dillon was an awesome asset to the girls. He never became discouraged, angered, aloof, or disgruntled even when the girls were defeated. The Senior players were missed greatly by the 1984-85 squad because of their skills and their character. They made basketball both fun and competitive

# Girls Junior Varsity Basketball

The 1983-84 JV Basketball team did fairly well. The team had a new coach this year. Coach Kruz worked the girls hard in order to produce a half way decent squad. Liz Jones was an outstanding player and proved to be a most valuable asset. Liz moved up to the ranks of Varsity during the course of the season. After Liz was promoted the girls were forced to work even harder which they did. The girls increased their skills and were even scouted by the Seattle Super Sonics. Good luck girls and good hooping.

# EQUESTRIAN TEAM

The Equestrian Team had a successful second year. The riders participated in horsemanship education programs, and interscholastic competition.

Sandra Montgomery and Jody Mackley coached the team successfully keeping them in the upper half of the state in total points earned.

The team consisted of seven 2 year riders and eleven 1 year riders. Michelle Doane, Samatha Ziegenmeyer, Ann Randolph, Amy Mahnick, Alice Kroger, and Lynn Bennett were the top high point earners. Impressive efforts were made by Lara Gimson, Karrie Kuhn, Kristen Cassle, Leslie Piche, Jennifer Venus, Toni Johnson, Alyce Michalik, and Sam Schillace. All the members enhanced this distinguished sport of class and excitement.

The team was dominated by seniors Michelle McNickle, Michele Bottiaux, Debbie Klepp, Darcy Darnell, and Rene Buxar. The girls enjoyed being known as a tough team. Adams is looking forward to a exciting team next year.

This year's Varsity Football Cheerleading Squad was one of Adams best yet. Mrs. Long and the girls worked long, hard hours in order to perfect their routines. They were a great inspiration to the student body at assemblies, but most of all, they were there to cheer on our football players. Although the chips were down, the girls never lost spirit. Cheerleaders, keep up the hard work and spirit. We are looking forward to seeing you next year.

# Varsity Basketball Cheerleaders

Without the cheerleaders, the Adams Basketball season would not have been the same. The girls showed a great deal of spirit and enthusiasm at times when it was needed. Along with the responsibilities of being a cheerleader is the dedication to the squad. To perfect their cheers, the girls practiced after school until the "wee hours." Painting posters and decorating lockers were all part of the fun. We are looking forward to seeing the cheerleaders next year.

# Boys Swimming

The Varsity Swim Team was once again coached by Mr. Seman. Their league record was unblemished and again won the league championship.

Many of the swimmers did quite well in all of their meets. This years top swimmers were: Doug Cleland, Tom Warnica, Dave Krull and Scott Ogg. Junior Dave Lewis took care of the diving for the Highlanders.

All members of the team performed in top quality, practicing two times daily. The two most outstanding swimmers had to be Doug Cleland and Tom Warnica, both state qualifiers.

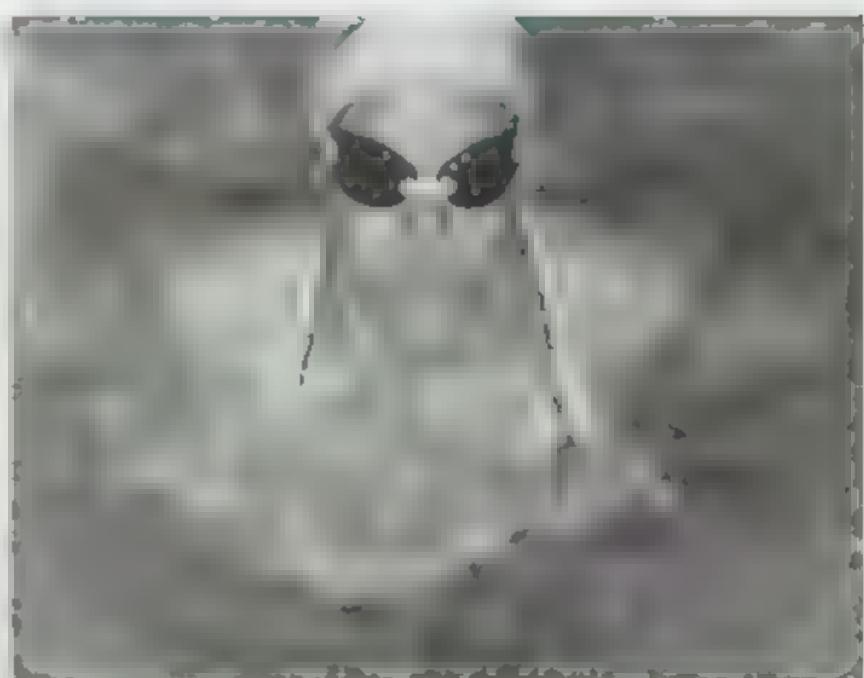

## **Girls Swimming**

The Girls' Swim Team was led by captains Katie Dean, Jackie Green, Kris Amr and Kelly Smyles. This season was a rebuilding year, highlighted by junior Kelly Smyles attaining all state and All American honors. The overall record of 5-8 did not do justice to the hard work that was put forth. The girls practiced an hour before school and two hours afterward. The swimmers are some of the most dedicated athletes at Adams.

The Ski Team coached by Lou Miller and assistant coach Kurt Schroeder, once again, had a successful year. The boys team placed fifth in their Division, their record being 5-3. The girls placed second in their Division and had a record of 6-2.

Despite the uncommon cold and shortened season the Skiers managed to gather their skills and make our school proud once again. Good Job Team!!!

This year was a disappointing season for our young gymnasts. They all put forth their best effort, but the competition was too tough. Coach "Eric" is looking towards the future and is sure that the team will be number 1 next year. This year's leading gymnast was Carolyn Mestapich. She should be the leading gymnast next year for the team.

GOOD LUCK TO YOU NEXT YEAR!

Even more the teams accomplishment was the determination by its members. A special thanks to Coach Misch for a great year.

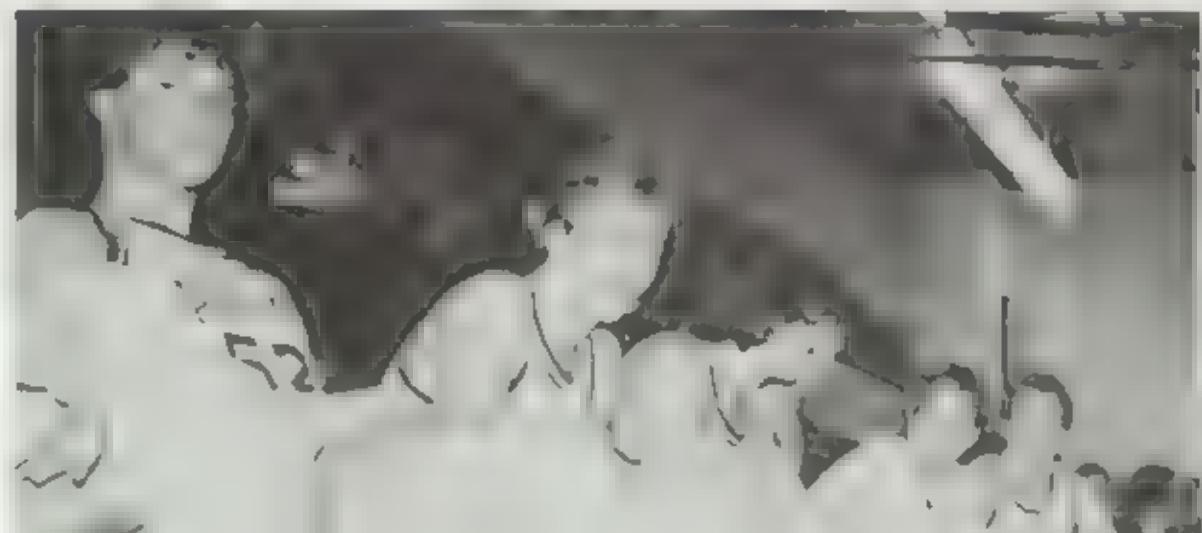

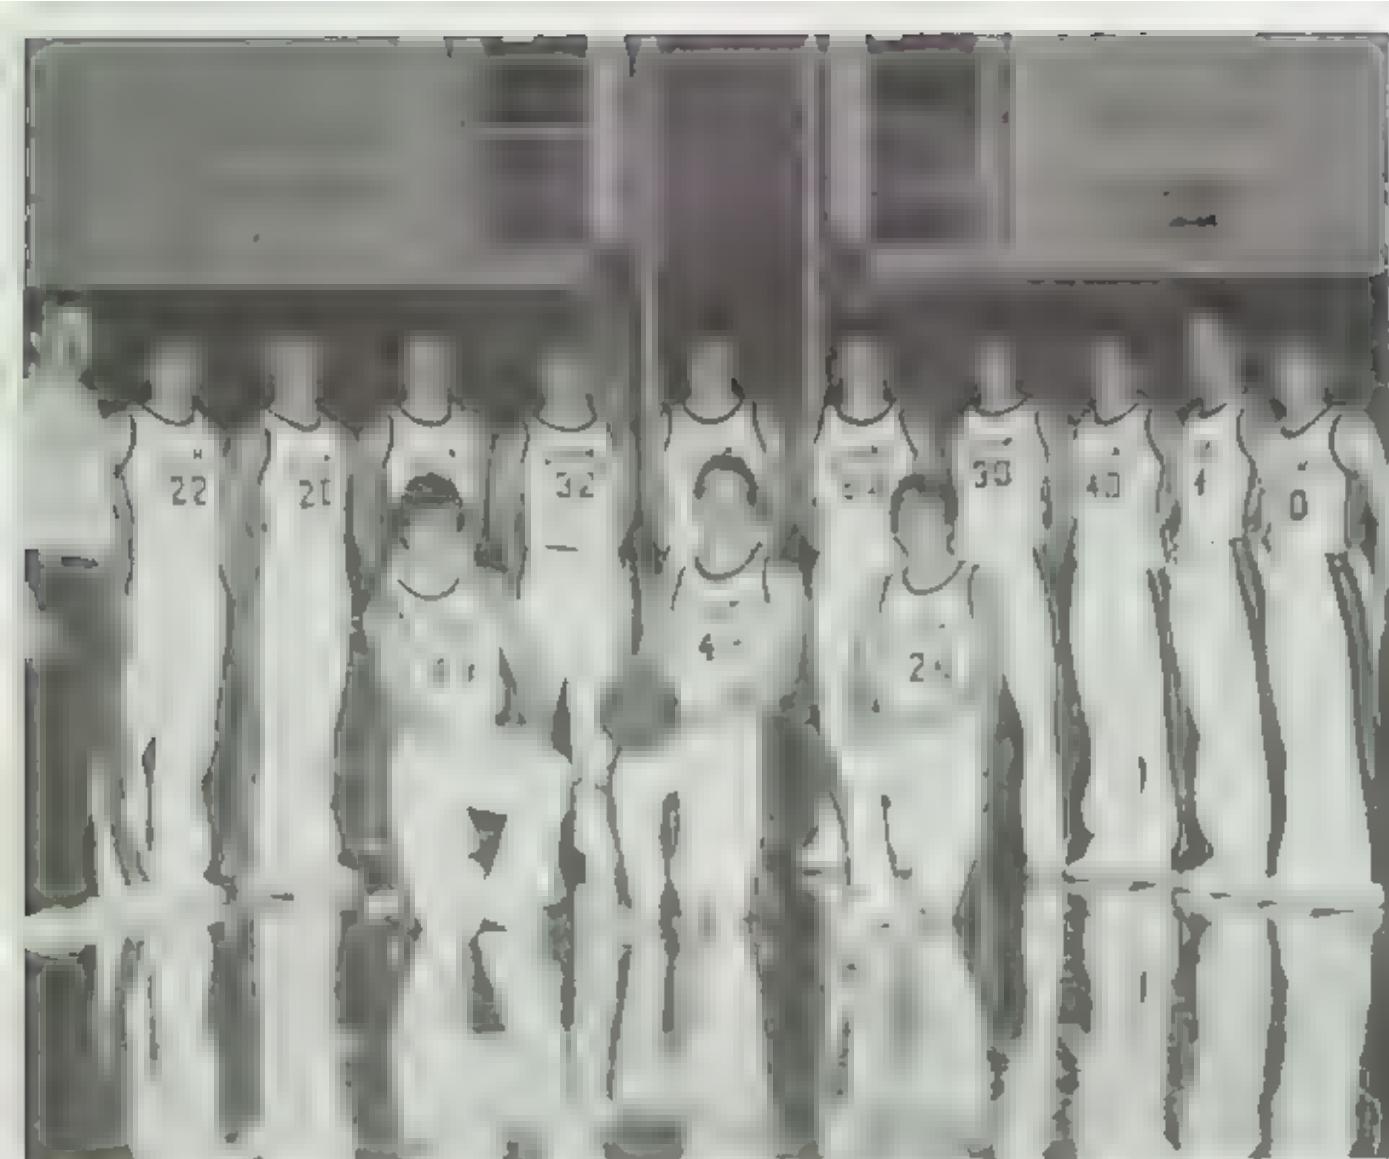

# Varsity Basketball

The boys' Varsity Basketball team did surprisingly well. Our final record does not show all of the close games we played. The returning seniors, Brian Wood, Greg Hendershott, and Mike DeLong made the game an exciting event. the fans cheered the team faithfully. The season ended with a lot of tough losses and memorable wins.

# J.V. Basketball

The JV Basketball team proved to be one of Adams' better teams. They had the class & balance of height, quickness and skill.

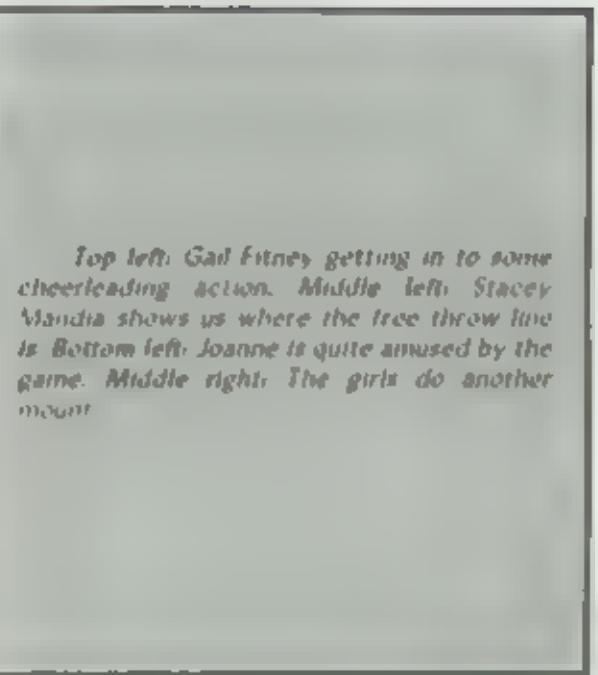

Mike Dolen was partially responsible for the team's success. He led them through vigorous training and taught them the virtues of teamwork.

The team as a whole should definitely be proud of their accomplishments during the season.

# J.V. Cheerleaders

What would a game be like without cheerleaders? Pretty dull! Adams was lucky this year to have a peppy bunch of girls to enlighten the games and get the crowd goin'. The squad consisted of all sophomores who had the ability of riling us up and keeping the spirit alive.

Once again the Highlanders ravaged their opponents. Win or lose no one could take the Highlanders for granted. Basic baseball sustains itself with minimum skills and inspired dedication. Additional ability and fine coaching extended that minimum to a competitive edge. Adams' opponents felt that edge hard and fast against their throats. The main reason for this was the fine coaching done by Coach Guerreri. Good luck guys. Adams knows that you can win the championship.

## Baseball

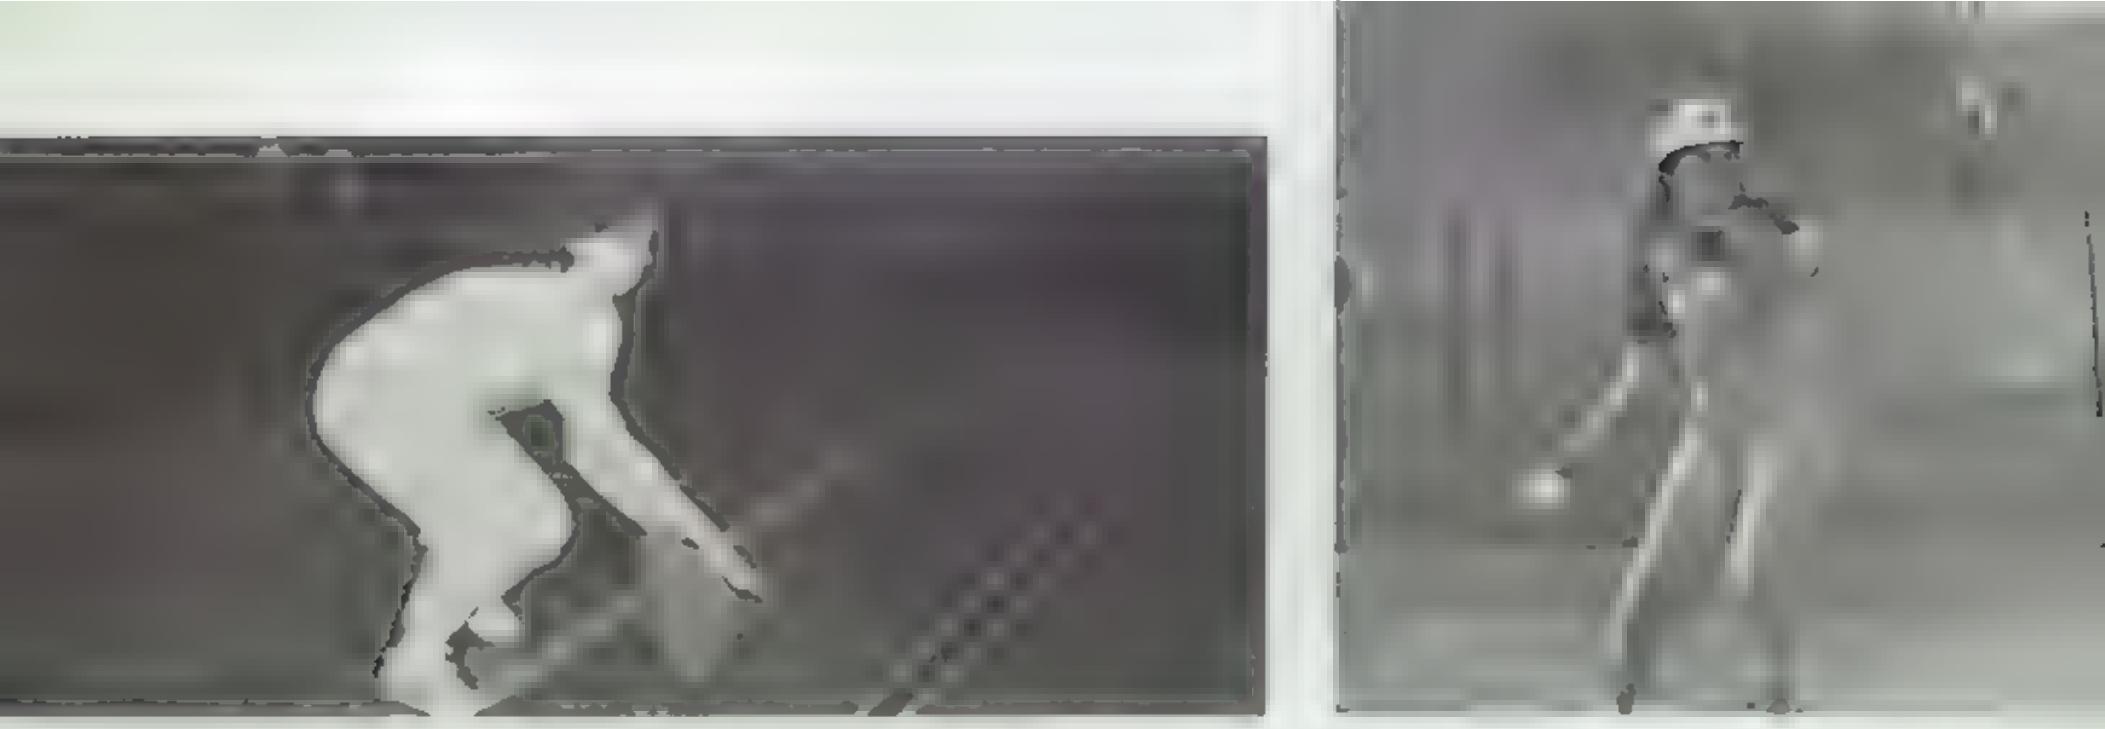

# Softball

The Varsity Softball Team, coached by Dave Berube, once again looked forward to an eventful year. The girls practiced regularly bringing their skills together to meet and hopefully beat their opponents.

There are few Seniors on the team - most were Juniors with Varsity experience. Leaders are Eileen McClenen, Katie Dean, Renee Buxar, Johnell Coulombe, Kelly Schell.

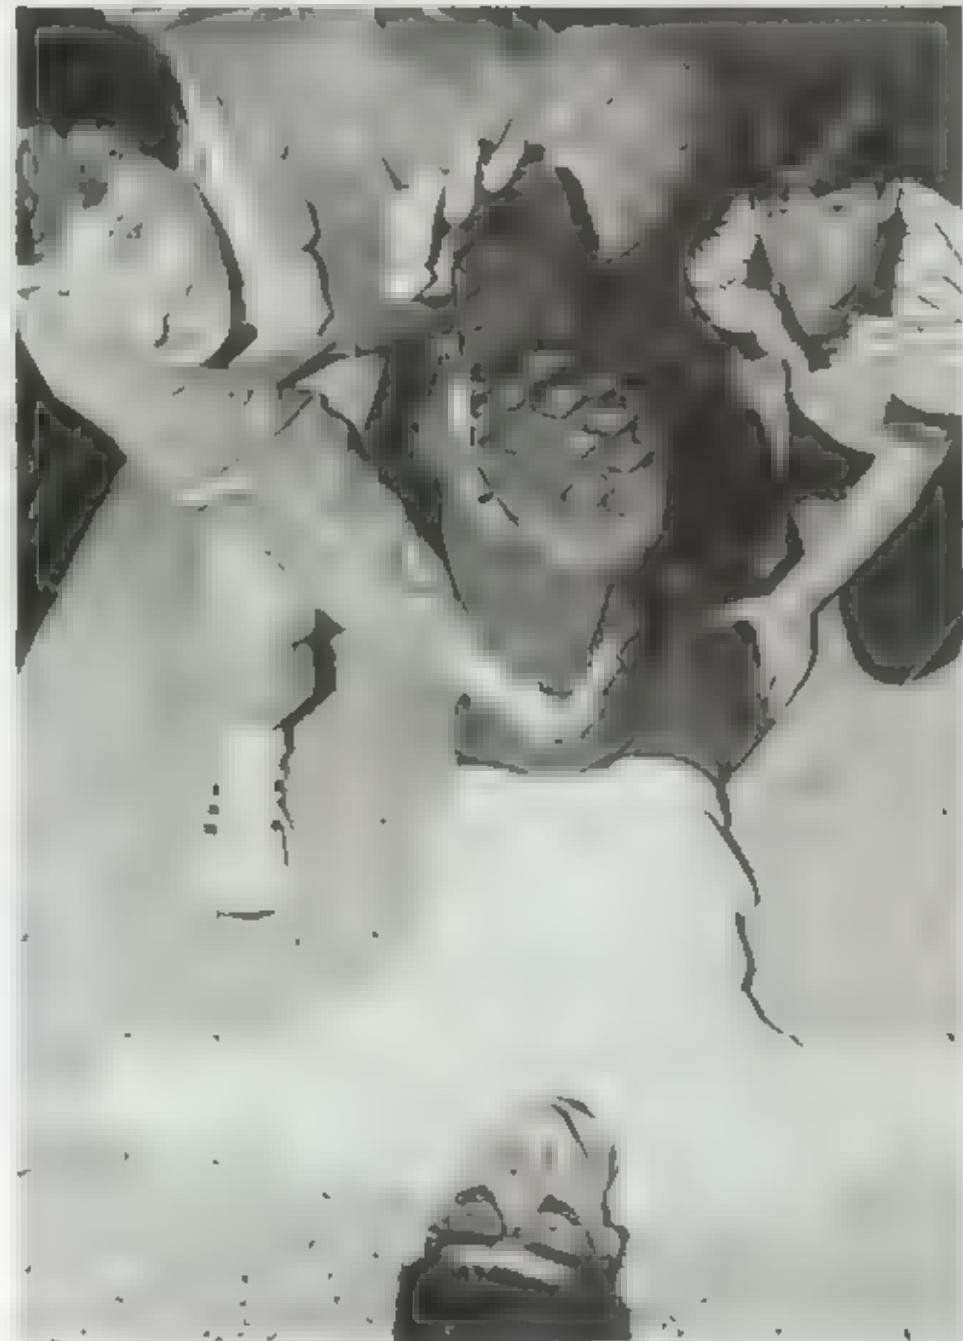

New J.V. Coach is Mary Fuller. Sophomores get a good test in the new league, one of the best leagues around - lots to learn.

# Track

All of Oakland County track teams have come to fear and respect our Adams Track team. Ably coached by Mr. Gary Inman the Highlanders have been the scourge of the season and fierce competitors at all the meets around. This season was certainly no exception. Again and again the Highlanders grabbed their opponents setting records and striving for times, heights and distances that represented personal bests.

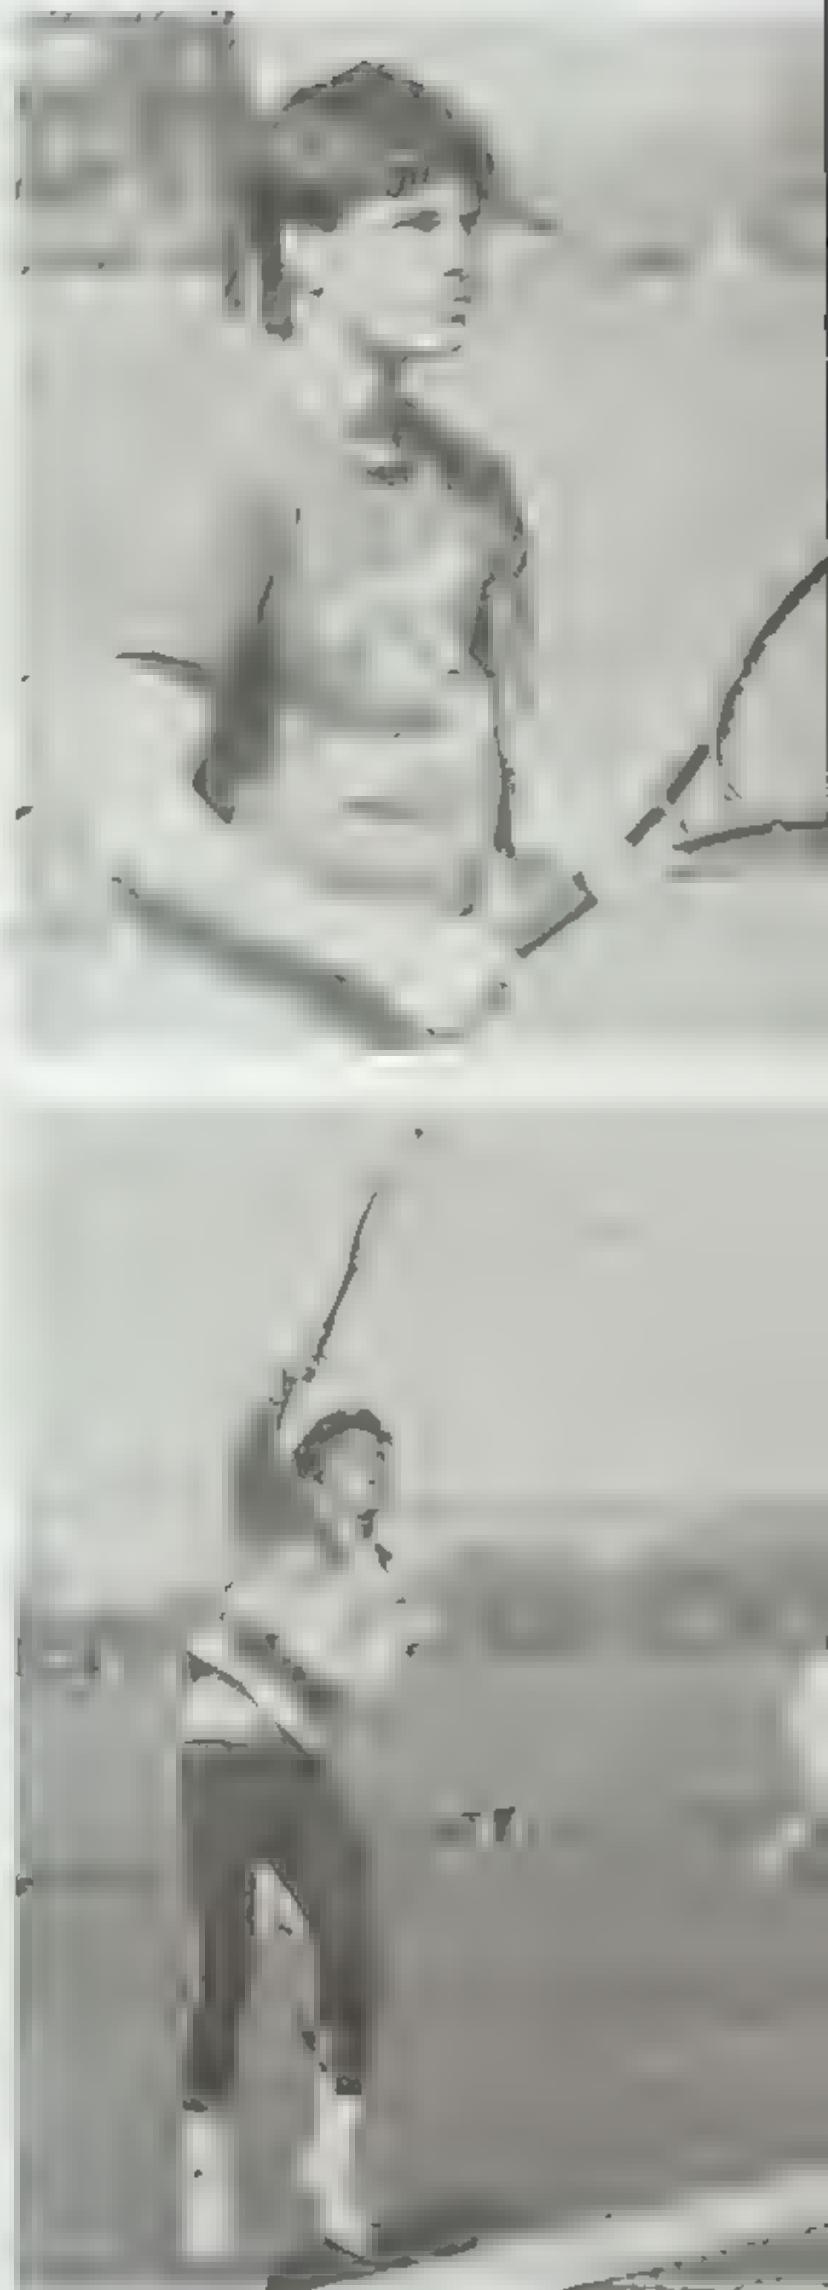

# Boys Tennis

The Boys tennis team with a new coach this year, had a ~~promising~~ season. They had many players from last year returning guaranteeing a good season.

The team participated in tournaments, league competition and against many other tough non-league foes. Even in the toughest competition they always put forth an upstanding performance.

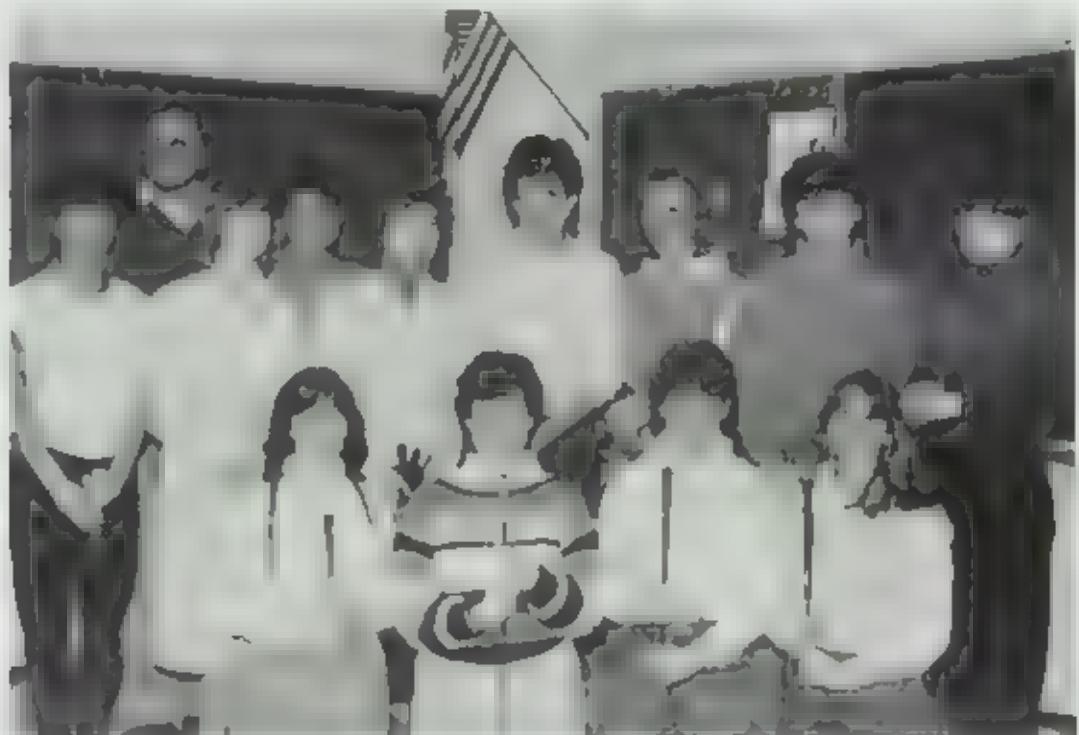

# Girls Golf

The Girls golf team was in the swing of things in 1984. Their returning coach was the one and only Carl Pasbjerg who did an excellent job.

The team practiced hard and quite often with a lot of determination to do well in their league play. They were a young team this year and hope for future years of outstanding performance.

## Practices

Everyone that has played on a sports team has many memories of their practices. Some people enjoy running many miles and laps in the cold and wet weather while other people would have rather been in intensive care somewhere in El Salvador.

Though it was extremely difficult work, the hard work paid off for the athletes. Coaches keep up the hard work and keep at the athletes.

**SENIORS**

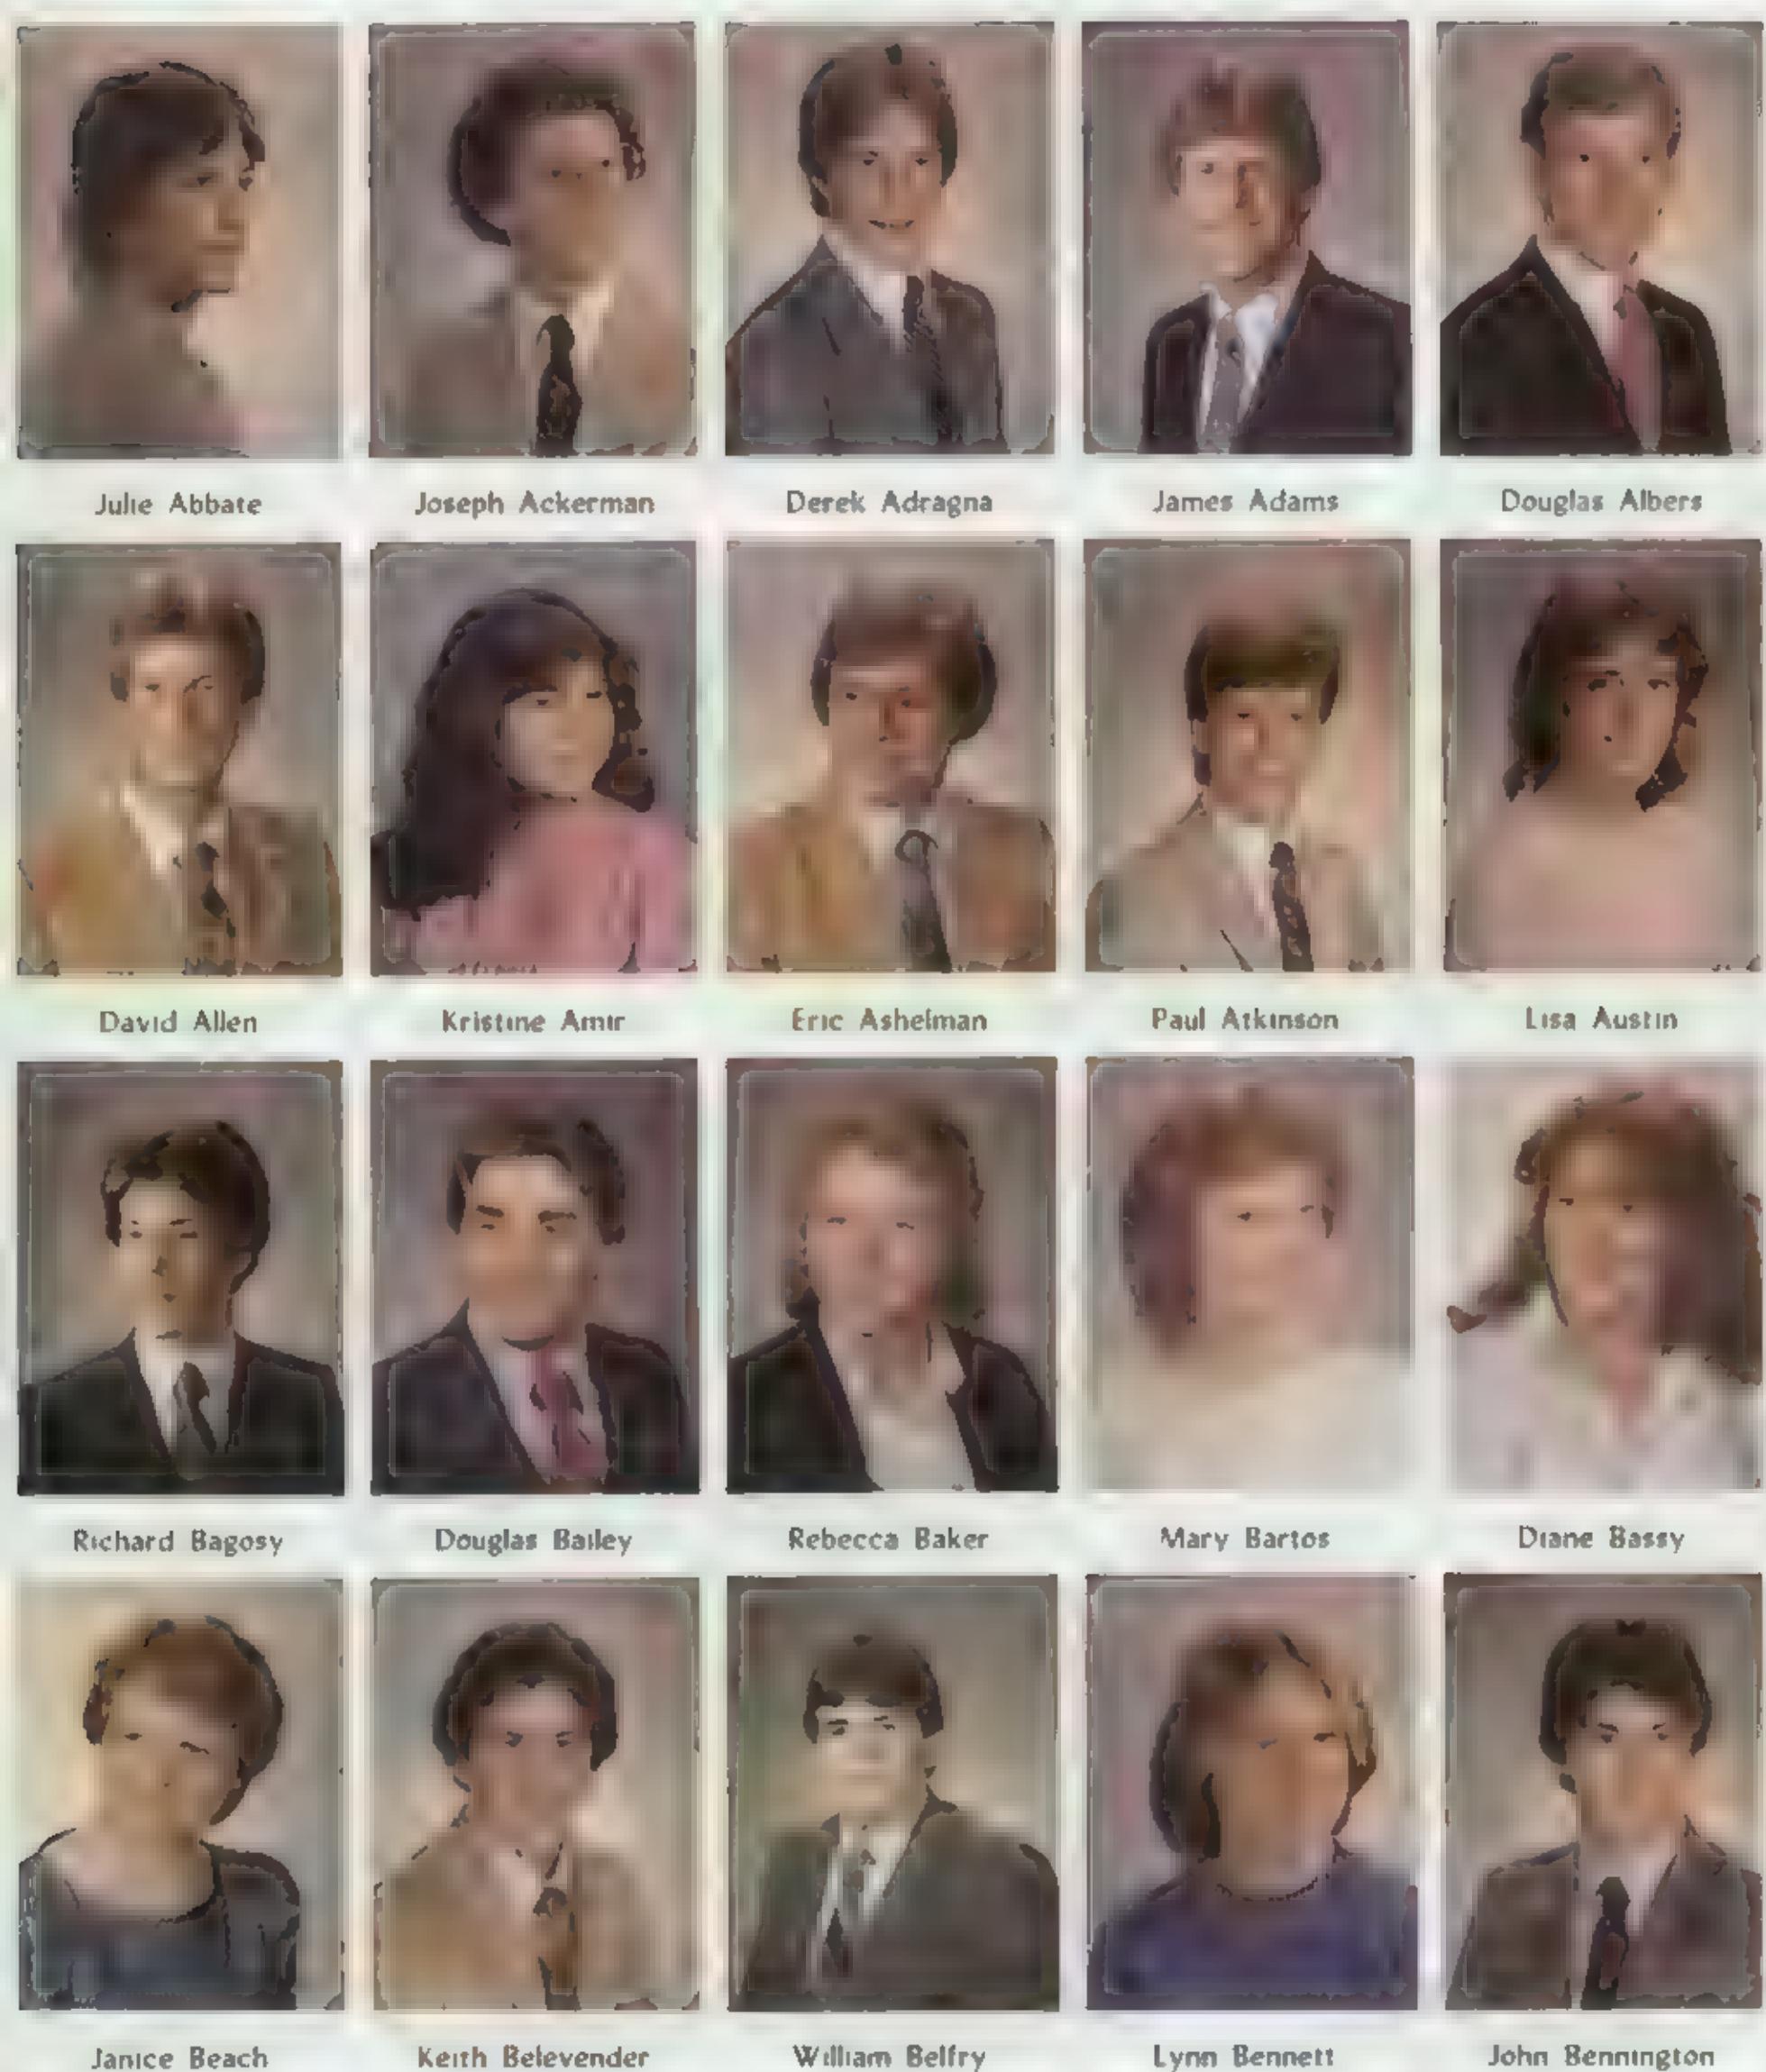

It only seemed appropriate to have one of the most prominent Adams Seniors write about her class - Lisa Pasbjerg.

"It would seem that this year's Senior class walked out of high school into an onslaught of adult responsibilities. The next fall, most of us voted in our first presidential election; the draft was on, and as the violence in the Middle East and Central America escalated, the possibility that some of us would have to join the military was high. Most of us went to a big, new college, the decisions of marriage or the single life, careers, sudden independence... It was scary. Adams High School was a pretty childish, trivial place in comparison with the world ahead of us. But the times have often been that we have delved into our minds and retreated to the memories of these times. There have been plenty of good times there, and an uncountable number of friends, that may have been forgotten in the rush for maturity. We learned a lot about ourselves, and other people. Above all most of us overcame our differences enough to cooperate and function as a whole, and as individuals. We grew, we embraced and we separated. But this parting was a joyous occasion. We had so much to look ahead to. So much

life yet to live. We were very fortunate in that our futures were bright... We must grasp these futures, hold them, make them better and then pass them on. We have a massive, potent power that many have and few use or even realize - the power to change the world. And we must. Our present world is in turmoil, seemingly careening toward disaster. As the next generation in line for "the throne", so to speak, we must take innumerable negative situations, stop their progress toward Armageddon, turn them around and rebuild them for the better. This is our inheritance, our adult responsibilities... we must not cringe from these responsibilities.

How can this be accomplished? We can't expect to change everything at once. We can change things for the better, though, by being educated, knowing our rights, and pointing out what we see is wrong. We can raise our children to love not hate. We can give a little time or stop ourselves from committing hurtful acts. Whatever it is, it can work. The Adams High School class of 1984 was exceptional, and all of us have been accomplished in whatever we have undertaken. Congratulations to the lot of us... we deserve it.

# The Best of 1984

Tim Kleczynski - Valedictorian

Dave Eliezer - Co-Salutatorian

The academic best of this year's senior class was better than best. All three students had grade point averages which were 4.0 or better after three years of rigorous class work.

The class valedictorian was Tim Kleczynski. Tim was obviously deeply involved in his studies, as his 4.08 g.p.a. attested, and indicated that he was very glad to have had the opportunity to attend Adams. He felt the academics to be superior to other high schools and he felt the entire faculty (teachers, counselors, administrators, etc.) to be a great asset to not only himself but the entire student body. Tim's involvement with Adams was not, however, limited to just classroom work. Tim also participated in D E C A Spanish club, Youth-In-Government, Future problem solving, Student Court, and Key Club.

Tim's plans for the future included attending West Point to study military science, political science, and/or international affairs. After a career as an army officer Tim would like to enter politics on a federal level.

Dave Eliezer was one of this year's co-salutatorians. While Dave's 4.02 grade point average was important, the aspect of Adams he thought to be most important was the environment of support, cooperation, and understanding created by the students. He appreciated the outstanding and well qualified teaching staff. Dave, too, had interests which went beyond the classroom. He participated in National Honor Society, German Club, Key Club, Table Tennis Club, and he was a member of the Soccer team.

Dave's future plans included attending the University of Michigan to study computer science and languages. He wanted to start out in the computer field and then move on to something else, maybe international business, where he could travel.

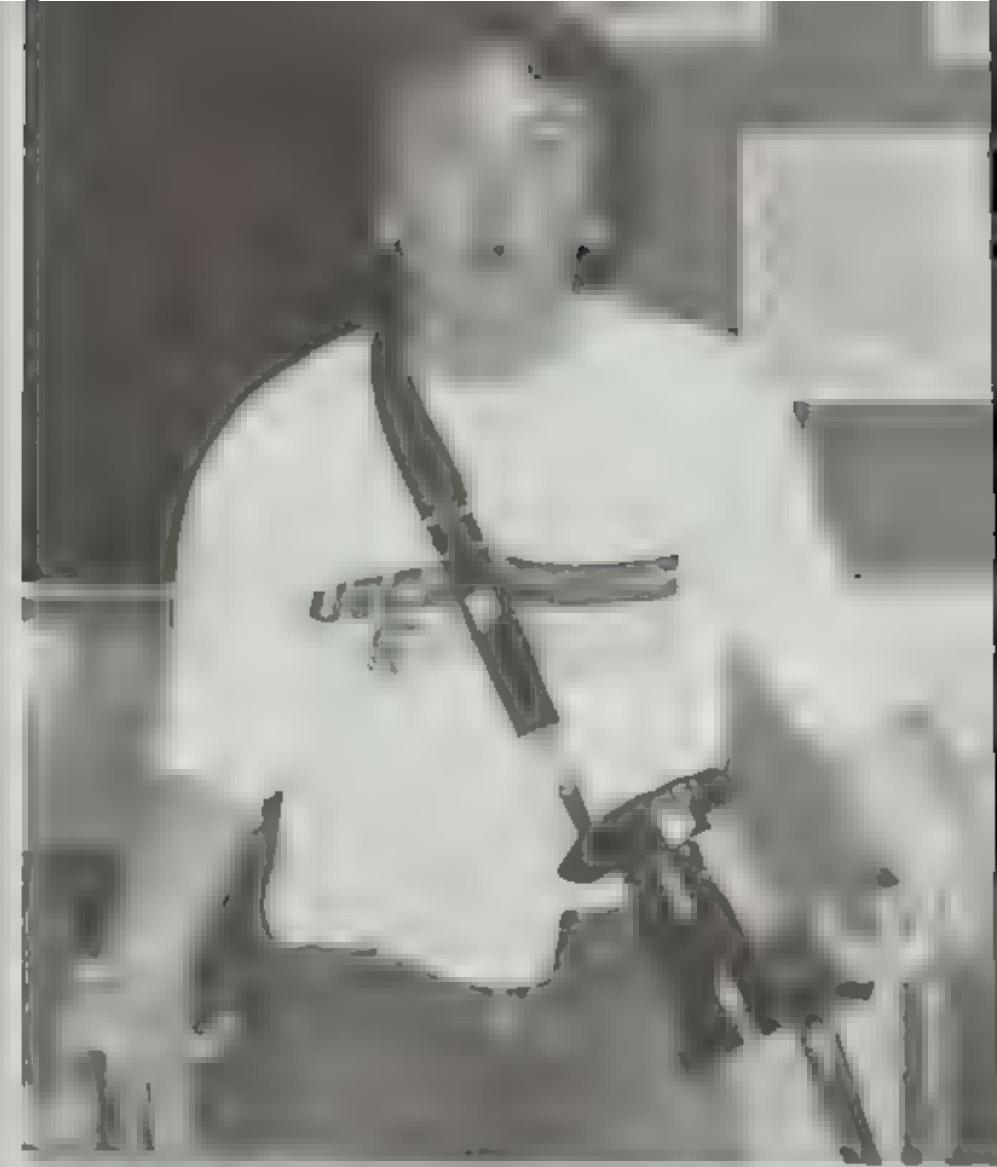

Nina LaPine is the other co-salutatorian. Nina's 4.00 average reflected her scholarship in what she referred to as "great opportunities in academics." She felt that the close contact and rapport between students and faculty at Adams was most important. Nina was quite active outside of the classroom in local community and service groups.

Nina planned to attend Arizona State. She wanted to study psychology (hoping for a Ph.D.) and special education. Long range plans called for her to split time between a private practice and teaching in a special ed classroom.

Great accomplishments and great hopes for the future were the trademarks for 1984's honorees, Tim Kleczynski, Dave Eliezer, and Nina LaPine.

# Juniors!

# Juniors!

This year the Junior Class was led by Tim Mullins, President. Andy Weng, Vice-President. John Low, Treasurer, and Lori Borracio, Secretary. The Junior Officers have spent a good deal of time on the school dances making the best in a long time. Many thanks.

Now, lets look at the Junior status. They never won a first or last place award. Their title is neutral, they are not the Ruling Seniors or the Sappy Sophomores, they are floating around somewhere in the neutral zone, not really aware of their past or future but just with their present. The Juniors do wear their title well.

Everyone knows that the Junior year, academically, is the hardest one here at Adams High School. Nevertheless, the Junior class has done very well this last year and now, it is your turn to be at the top, to be the "ones", "Good Luck Juniors," from the Seniors.

# Sophomores!

# Sophomores!

This year the Sophomore class was led by Mike Blank, President, Michelle Matt, Vice-President, Tracey Dennis, Treasurer, and Todd Jones, Secretary.

Sophomores have had a rough time this year adjusting to their new surroundings as all sophomores do. They have done a fine job, though. Getting involved and helping to make Adams a better place for their class. The class officers have done a great job in representing, and making things run smoothly for the Sophomore Class.

As for the Sophomore Class as a whole, what to say? ... Its all been said
